

## Condoleezza Rice rushes to reassure Iraqi Puppet government

Immediately after the Iraqi Shi'ite leader Muqtada al-Sadr threatened to unleash open warfare in Iraq and remove the U.S. puppet government, Condi Rice jumped a jet -- instead of Bush -- and flew to Iraq to reassure the subservient Maliki that the U.S. would soon be launching an attack on Iran, which -- it hoped -- would weaken and disrupt Sadr's power base, dream on Condi! [Are we watching all this Russia and China; are we ready for the Israeli attack on Syria and the U.S. attack on Iran, 'comrades?' Or are we too busy with the Olympic games -- the perfect time to attack?]

***'Grateful' Pres. Talabani slobbers on Rice***

We hope Russia is able to pump some sense into the Chinese leadership in time! Chinese leaders are presently obsessing with the famed Chinese 'FACE' -- for the want of an Olympic FACE a nation may be lost, 'CHINA!' Wake up Mr Han, you've been under attack for quite some time, or do you imagine America is not behind the Dalai Lama and other regional disturbances? The world is at war, Hu, and has been since the illegal bombing of your ally Yugoslavia -- wake up or DIE!

Sadr's threat is a reaction to the present bombing raids and attacks on Sadr city by coalition forces; it is only fitting that Western forces -- still waiting to receive their 'bouquets of flowers' -- trigger another major escalation! The current occupation in Iraq is untenable and anyone who imagines otherwise is obviously insane, we offer Bush and Cheney as examples! They had no plan (mission accomplished) from the start and they certainly do not have one now, unless of course chaos, a human holocaust and the ruination of a sovereign state count as a plan!

The lunatics in Washington have learnt nothing from their disastrous intervention in Iraq. Rather than admit their monumental mistakes they plan to attack Iran and create more chaos and destruction. Soon the entire world will be forced to participate in this orgy of madness and destruction -- this is America's dream, to drag the entire world into the hole it has dug for itself.

It remains to be seen whether the world chooses peace and freedom or an American made shithole!

Save yourselves because God has nothing to do with it -- you mindless morons! I hope all you losers chose death over life. You will surely be accommodated with a full-scale nuclear strike -- the world will miss America like it would miss a hole in the head!

We note with considerable mirth the recent Russian missile test that 'drifted' 450 miles off course -- 'accidents' are also planned.

Do your mindless best Uncle, you have been pre-empted at every turn - prepare to meet 'yourself!'
