### Forever

I abide and persist with you  
though you would neglect me  
[yet you cannot resist me]

I planted a rose in your heart  
at our inception;  
we were made as One yet appear as two

I have nurtured and tended you  
and fed you secretly  
with Love's ambrosia

I come to you in the quiet of night  
to steal kisses and caress your turbulent soul  
I sustain you always  
you have naught to fear

The flower I planted in your heart grows strong  
undisturbed by your troubled dreams  
I am the stillness of your being; the centre of your  
storm  
forever at Peace though you would whirl and spin,  
needlessly

I offer you rest yet you would tear at your chest  
and rend your matted hair  
like a mad person foaming in ignorance  
you attempt unsuccessfully to assail me,  
your brother/sister.  
I am the twin our Mother surrendered to  
her Lover; the magician who secreted me in your  
innermost being  
yet you continue to resist us both!

To no avail you persist in your folly  
Remember me my love, you need only remember  
to free yourself!

It is time to acquiesce  
you are powerless against my overwhelming and  
enduring Love  
I vanquish all with my alluring call

The garden I have tended in your soul blossoms;  
come taste of its divine fruit  
Do you hear me beckoning, always?

The Rosebush in your heart is heavy with buds  
nurtured with my Love and Forgiveness  
Why do you persist in your agonies?

You cannot resist me forever, you know it  
I offer you the sweet Peace that comes with release  
Free yourself from the shackles of your own making  
Remember me and release yourself  
accept the warmth and compassion of my enduring  
Love

Turn from tribulation and all that would prolong your  
agony  
Turn from murder and murderers  
Turn from ill will to any sentient being  
embrace me in Love and understanding

Know that we are One and remember  
that I am with you always  
My Peace, Love and Bliss I offer freely,  
would you die of thirst in the midst of an oasis?

Fear not,  
We abide as One, Forever
