

ANTHRAX ATTACKS: the case the Bush admin DREADS!

by Kingfisher *Friday, Jun 27 2008, 11:43pm*

international / injustice/law / commentary

Remember the anthrax attacks that were launched very soon after the 9/11 attacks?
Anthrax spores sent via the US mail killed five innocent citizens – the social panic factor at the time was considerable!

Patsy, Steven Hatfill

Today, the potentially EXPLOSIVE case – HAD IT BEEN PURSUED -- was settled for \$2.8 million plus an annuity of \$150K awarded to ‘suspect’ Army scientist, Steven Hatfill – a paltry amount in view of the character assassination, pain, suffering and total ruination of his life and career. However, we do appreciate the enormous pressure that must have been applied to Hatfill (by the administration) to settle and BURY THIS CASE. Note the settlement conditions:

"The government has determined that settlement is in the best interests of the United States and has agreed to pay Dr. Hatfill and his attorneys \$2.825 million dollars and purchase for Dr. Hatfill an annual annuity of \$150,000," said Justice Department spokesperson Brian Roehrkasse.

"By entering into this agreement, the United States does not admit to any violation of the Privacy Act and continues to deny all liability in connection with Dr. Hatfill's claims."

[The case remains ‘unsolved.’]

Bush’s Attorney General at the time, John Ashcroft -- if ever there was a ‘person of interest’ -- nominated Hatfill as the “person of interest” in the case. The feeble accusation at the time indicated the lack of any credible evidence linking Hatfill to the attacks, however, the Bush government required a patsy to take the ‘heat’ from the REAL PERPETRATORS of this carefully planned, heinous attack on innocent American citizens. A little research reveals evidence discovered by an expert textual analyst clearly linking the government to these attacks.

By way of comparison consider the lack of plane wreckage after the 9/11 attacks -- the government report claims ALL passenger jets were “vaporised,” including the heavy and dense metal engines BUT ‘miraculously’ ALL the backpacks and passports of the accused hijackers remained intact for

investigators to 'discover!' Well, America, you can all line up to suck my cock! How stupid, moronic and demented is the American public? But to return to a sure winner if you would only PURSUE IT!

It was soon revealed the anthrax was not off foreign origin -- no doubt the admin hoped to link these attacks with the non-existent Iraqi chemical WMD mobile laboratories (ice-cream trucks) pictured from space - 'outer space' would be more accurate!

The chemical signature of the anthrax identified it as emanating from US military laboratories -- how very convenient for some! The best laid plans of mice and neocons was failing badly at this stage, especially as it threatened to exposed the ENTIRE sordid grab for extended executive powers granted only in times of war or other external attacks on the nation!

At this stage the criminals in government were shitting blue lightning for very good reason. [Be advised, it is not over by a long shot, gentlemen; your support base in crime is diminishing by the day. IRREFUTABLE evidence will be supplied in the near future to damn you all! Others implicated would be well advised to seek immunity by cooperating with authorities -- we are all aware of the pressure applied on staff by the Bush/Cheney administration!]

The linkage and damning evidence came in the form of a semiotic/textual deconstruction of the handwritten letters and other associated material. An expert analysis revealed a PATTERN -- and that dear reader is what every investigator seeks -- linking the persons mailing the letters to the government/military. From that point it was imperative the government bury this case, as it had (still has) the potential to compromise the entire Bush administration.

Citizens are encouraged to restore THEIR DEMOCRACY by investigating the matter for themselves - - hold the criminals accountable and restore democracy to the USA! Information relating to this story is easily accessed, including documentary footage detailing the methods employed by the analyst, truly a commendable effort!

It is extremely important that everyone makes the effort and determines the TRUTH for themselves. Spoon-feeding creates PASSIVITY and social paralysis - a malaise that is cultivated by malevolent powers.

This case is a sure winner, make no mistake about it - it is the key to the whole stinking, vile, contrived plan!

PURSUE IT TO THE END!
