MITROVICA -- Serbs affirmed their rights over SOVEREIGN territories Saturday by inaugurating the (AUMAPK) Assembly of the Union of Municipalities of the Autonomous Province of Kosovo. The LEGAL declaration by Serbia was immediately denounced as 'illegal' by the UN and the secessionist Albanian playschool 'government' of 'Kosova!'

Rice, we're above the Law

Truth is always stranger than fiction and no better example exists today than Western invaders and Albanian criminals denouncing a legitimate Serbian Parliament.

The antics of desperate Western interests and Albanian criminals is taking on a hilarious aspect as they attempt to legitimise their criminality by superimposing fantasy onto reality - 'O, what tangled webs', indeed!

The only other example approaching the absurdity of the UN and playschool government of 'Kosova' is George W Bush invading other nations and accusing them of terrorist activity when it is clearly HIS actions that have resulted in one million innocent civilian deaths! The link to the Balkans comes in the form of his Secretary of State and part time oral relief attendant, Condi Rice, who stated that Kosova is now independent, because we say so! Her ludicrous claim is reminiscent of Don Rumsfeld's infamous statement, "we know Saddam Hussein has weapons of mass destruction, because he just has!" Is there anyone in the world today that takes these idiots seriously?

The world is turning away from incompetent, violent, cowboy idiots and their whores. The sooner these criminals (and their accomplices) are surrendered to the ICC the sooner the world will see peace and prosperity.

In the meantime we refer all those interested to International Law and the conventions governing the sovereignty of European nations. A little research is a wonderful thing!

Kosovo is Serbian and will remain SERBIAN wherever Law is upheld! Notwithstanding Serbian refusal to surrender their heartland to common murderers and thieves.
