Like all proud sovereign nations we catch and kill our own if necessary; we certainly DO NOT hand them over to a court that releases known Albanian and Croatian war criminals and PERSECUTES SERBS! The track record of the Hague speaks for itself; even former special prosecutor Carla Del Ponte has exposed the obvious BIAS of the ICC against Serbs!

***Radovan Karadzic as he looks today***

So now we have a new 'government' in Serbia, one that couldn't wait to lick the hand of its brutal handler. Serbs are now the dogs of Europe, a shame for every nation to see; the fighting Serbs have become the cowering dogs of Europe - FUCK! If you think the SERBIAN blood in my veins is boiling you would be right!

I would state openly and loudly the Serbian majority rejects slavery; we are not dogs nor do we acquiesce to criminals and brutes! Karadzic is alleged to have killed 8,000 civilians during the Balkan conflict yet Bush and his allies are directly responsible for the deaths of over 750,000 innocent Iraqi civilians - WHY IS BUSH AT LARGE? WHAT SEARING DOUBLE STANDARD IS AT WORK IN THE WORLD TODAY? NO! We DO NOT SURRENDER to criminals!

If the law has so obviously failed the people then the people will dispense JUSTICE as THEY see fit. What a thorough travesty it is for the entire world that Bush and his criminal cohorts remain at large and continue to commit their crimes with impunity. The Hague is a biased Kangaroo Court convened for propaganda and political purposes only; Albanian criminals are exonerated while Yugoslav Presidents exercising their right to call and cross-examine State leaders, die in mysterious circumstances! Who are you cocksuckers trying to kid? Only yourselves if you imagine you will get away with this BRAZEN DOUBLE STANDARD AND INJUSTICE!

There was never a time when Serbia didn't have traitors in its midst YET despite the traitors, turncoats and cowering dogs, fighting Serbs prevailed - learn and take note, you fuckin arseholes! How many men do you think it takes to make an 'impression' on an entire nation? Try thinking for once in your idiotic lives, America - nah, don't bother, just go to the comic book movies or read the

exploits of Paris Hilton, leave the rest to us!

Is this a declaration? YOU bet it is! Enemies will taste Serbian justice, intelligence and skill. Wake up Belgrade, catch and kill YOUR OWN; SURRENDER TO NO ONE!

Any government in Europe or the world that imagines America will succeed in its inept plans for world domination is sorely deluded; 'sweet' DREAMS and a very rude awakening, you mindless morons!
