

Serbian government grovels and acquiesces to West

Kosovo, stolen by terrorists and thieves; Albanian Kosovar war criminals acquitted while Serbs continue to be persecuted by the Hague; Montenegro to accept millions in development 'aid' from Italy and the West in exchange for Kosovo recognition. Compliant new Serbian government agrees to return recalled Ambassadors to EU States. Is it possible for Serbia to suffer further humiliation, shame and injury? Have Serbs finally learnt to eat shit and cower like whimpering dogs? Is SERBIA, as a sovereign nation, completely lost?

Tupolev bombers to 'refuel' in Cuba

These are the questions numerous Balkan States are asking. The failure of Serbia to capitalise on its strategic location in the Balkans and form a confederation with other Balkan States has temporarily destabilised the region - much to the delight of the US and EU!

A confederation of Balkan nations could have easily repelled aggression from America.

Condi Rice today expressed "delight" over the arrest of Karadzic while SHE continues to actively share in the guilt of one million civilian deaths in Iraq, South Lebanon and Afghanistan! Surrender to the Hague, Ms Rice and plead for mercy -- you reprehensible HYPOCRITE! Your hands are covered in the blood of innocents. History records it thus and no amount of lies, spin or distraction alters the fact.

You only deceive uninformed Americans; the world is not so easily duped by your brazen lies and thinly disguised imperialist pursuits.

A confederation of Balkan States with Sino-Russian military support more than compensates for NATO aggression - not everyone in this region is a push-over Ms Rice, some would rather 'launch' and die than live like dogs. Western Europe will of necessity do business in the region once America is taught a lesson - you will regret the day you illegally intervened in this region.

We have not been 'enabled' as yet but it's only a matter of months; other nations now see the necessity of allowing fighting Serbs to do what they do best. Be assured, you, Bush and the known traitors in our midst will not shame the Serbian nation; we have survived much worse. I pity the poor fools bought by your toilet paper money - they have sealed their fate.

I could sing you a Serbian lament or intone a dirge; Serbs are in love with Freedom and death. Watch Karadzic perform and then take the only honourable course available to him. What idiotic imagining deludes you into believing you are able to affect the soul of another? YOU ARE NOTHING, a reality soon to be DEMONSTRATED to the entire world! The blood of countless INNOCENTS demands JUSTICE.
