

The 'living' corpse scenario

by laz *Friday, Aug 8 2008, 3:16am*

international / social/political / commentary

When powerful leaders die without an heir apparent, nations face possible collapse, chaos or at the very least social catharsis. Strong, all pervading rulers must be replaced immediately to prevent instability or collapse. History records numerous instances when powerful monarchs/Popes/rulers died without a suitable replacement. The death was kept secret for fear the State would implode!

It may surprise many to learn that we face exactly those circumstances today but the lifeless corpse is not a person, it is a system or ideology. The dead 'Emperor' upon which entire nations depended is CAPITALISM - the free market is DEAD, long live Capitalism. Capitalism died when 'NOTHING' became a tradeable commodity.

Yes, capitalism is as dead as a door nail but 'court officials' are too frightened to declare the truth to the masses for fear the entire 'house' will come tumbling down! The Australian shadow treasurer hinted at the demise of the 'King' when he repeatedly called on all parliamentarians to 'talk-up' a failing economy; a most intriguing request!

Most of us know the economy runs on 'sound principles' unaffected by mesmerism or the power of suggestion - WE WOULD fuckin' HOPE! But alas, hope is the food of fools and slaves; hard realists have already paid their respects to the dead 'King' and are quietly, so as not to stampede the herd, pulling up stakes and leaving; possibly for 'Tierra del Fuego!' You get the point!

It's over and the sooner we face the FACT, and inter the dead Pharaoh with his (living) 'high priests' and other court officials - the sooner we can get on with RE-CONSTRUCTION.

I re-iterate in simple language for the hard of 'hearing,' CAPITALISM IS DEAD! It died later than its progeny COMMUNISM, but the same genetic flaw caused both deaths. A REAL world cannot run on abstractions, LIES and pretend!

Spiking the water supply will be the next political solution/suggestion from our genius leaders. THE WORLD HAS NEVER SEEN SO MANY INCOMPETENT POLITICIANS PARADING IN A ROW. From the Four Corners of the globe, ventriloquist's dummies are running nations!

But wait, can YOU hear that muffled sound? Millions AROUND THE GLOBE marching/marauding; sounds like a speeding train approaching from the distance. It's coming for YOU! And YOU will ALL PAY THROUGH THE NOSE -- it was part of the job description, in the fine print!

Unbelievers are invited to listen carefully to every nonsensical word our politicians and economic high priests utter - what a load of ... !

As for the rest of us - We are One!

[Soon my lovelies, soon. AND THERE'S NOT A DAMN THING they CAN DO ABOUT IT!]
