Gangster rapper, Mr S. Dogg, was elated after Australia finally approved his visa application to perform in the country. Much to the nation's shame, a previous application was refused by the former conservative, racist government led by, "I was raised with those values," John Howard. Australia's appalling record with dark skinned humanity has gained it a loathsome reputation internationally. The most recent example is the overt scapegoating/victimisation of the dark skinned Indian doctor, Mohamed Haneef. It remains to be seen how far the current PM, Kevin 'useless eunuch' Rudd, is willing to pursue CRIMINAL CHARGES in relation to the obvious collusion between the former PM's office, Federal Police Chief, 'have another drink,' Mick Keelty and former Immigration Minister, Kevin Andrews. Former Attorney General Philip 'anal contractionist' Ruddock may also be implicated - it would be surprising if he isn't!

Hopefully the law could net two of America's most faithful servants in the form of Howard and Ruddock, Downer may be required to deal with 'street corner' justice from Aussie patriots in the future! But Murdoch man, Kevin 'do nothing' Rudd, is unlikely to act against the interests that placed him in power, notwithstanding the people would dump him in a flash -- GIVEN A VIABLE ALTERNATIVE!

Polls offer only distorted information in the present circumstances. It only takes a decision and new opposition leader to cure that problem, and I'm not referring to Malcolm Turnbull. Has anyone in the Lib camp noticed the power of the female candidate lately (USA)? Yes, morons, your best bet is Julie Bishop! Rudd is a non-event and has no answer for effective management and DYNAMISM. Nor could that fishwife cat-howler, Gillard contend with the quiet confidence and strength of character displayed by Julie Bishop.

The dickless men have had their chance and what a bunch of traitorous, gutless, COWARDS (Balibo) they have PROVEN to be! It is time for a female leader in Oz - wake up morons or would you prefer the advice of idiots and losers like, Cousins?

It is YOUR DISARRAY that allows Rudd to do nothing and look 'good!' My grandmother could defeat 'show pony,' Rudd and his no-hoper government in the current circumstances (of failure!)

Nevertheless, Mr Dagg's visa approval may indicate that Australia has taken a very slight turn in the right direction. Surely in these times, xenophobic, racist, American colony are unnecessary tags for a modern, FORWARD THINKING, INDEPENDENT REPUBLIC - wake up you cringing, Aussie cowards!

We look forward to Mr Dagg's performances down under but we wonder whether 'gas masks' are required, some of us have to drive home!

[Thanks for all the help, Mr. Crowe.]
