This is not a story on a fake terrorism war that targets nothing of strategic value – such as Bin Laden’s war of convenience. The reader will note Bush’s ‘Islamic terrorists’ only target symbolic not REAL (high value) targets -- after all, the forces behind the ‘long war’ do not wish their profits to be disrupted or to lose anything of REAL value!

'MEND' fighters of the Nigerian Delta

Need we remind first year military cadets that war is PRIMARILY about crippling and destroying the opponent -- of SECONDARY consideration are symbolic targets, therefore, the order of attack or execution is first things FIRST! That means PRIMARY TARGETS FIRST. Have we all noticed the complete absence of these targets by the forces Bush claims desire to overthrow the world? For Christ’s fuckin’ sake, only the American population could fall for the crap dished out to it by the White House and Murdoch media! Think people, THINK!

WAR is primarily about hurting the enemy attacking targets that cripple and destroy the opponent, have we all noticed that Bush’s fake war attacks only American fear – symbolic targets -- no important infrastructure targets WHATSOEVER! Perhaps the CIA and other agencies will now be forced to strike at something credible, ay, boys!

Common sense dictates that a REAL WAR INVOLVES DESTROYING REAL TARGETS CRITICAL TO THE VIABILITY OF AN ENEMY – you don’t have to be a military strategist to appreciate that simple fact! Now consider the ‘mind war’ that Bush-Cheney wage on YOU the American people!

By way of living example we offer PROOF (a word the neocons loathe) of a REAL WAR in PROGRESS. The following quote should focus even the muddled American ‘mind:’

“ ... militants have declared an ‘oil war.’ They have bombed **pipelines, platforms, gas plants and oilfields**, halting up to 115,000 barrels per day of oil production in the last five days -- nearly six percent of Nigeria's estimated output in August.” [Emphasis added.]

African rebels are fighting a REAL WAR and are striking at the heart of their enemy, “Royal Dutch Shell” and other OIL Companies! Now consider the simplicity of striking similar exposed targets in the US! Think of Palin’s Alaskan pipeline that runs for miles and other OIL infrastructures – and

REALISE the ugly TRUTH of the current administration and the powers that control Washington!

A real enemy would be fighting exactly as the Nigerian 'Movement of the Emancipation of the Niger Delta' or MEND. Too easy, Jethro?

Wake up America your nation has been hijacked by criminals! Arrest the bastards and hold them ALL accountable. They have destroyed the nation from within -- economic collapse -- and without, illegal invasive warfare.
