

The age of Puppet Government and Mindless Masses

Events relating to the questionable competence and integrity of Bankers, Financiers, Corporate CEOs and the muted reaction of the American public this week are astounding to say the least. Only a few weeks ago President George 'Milton' Bush and Republican presidential candidate, John 'bomb bomb' McCain, were extolling the virtues of the American economy and the free market system; both men constantly repeated a mantra claiming the American economy is "fundamentally strong!" However, in a matter of DAYS the 'strong' economy SUDDENLY became the 'dire crisis' economy; it is now beyond any argument that our current batch of politicians are clueless -- what day is it, gentlemen? It seems 'polly' is required to parrot new lines for her cracker this week!

A number of obvious facts emerged from failures in the Banking and Financial sectors these past few months/years. The public is now completely aware that its "mission accomplished," "WMD," puppet government is clueless and is merely a convenient public face for sinister powers that really determine the fate of the nation. However, the public was critically unaware of the consequences/COST of allowing a FAKE, controlled, puppet government to exist - well, its payday, people!

Milton 'laissez-faire' Friedman may have created the most flawed economic model in history but he got one thing right, "there's no such thing as a free lunch" - don't we know it today? The question is who should foot the bill? The answer is as PLAIN as the sky, those who gorged themselves at the table of course -- or are YOU in the habit of covering and taking the responsibility for the reckless and costly behaviour of others!

The muted and meek, in historical terms, response from the masses in the current circumstances betrays its character -- weak as piss and deserving of everything it is about to 'receive,' praise the fuckin' Lord!

It's not enough to email, SMS, fax or phone your protest; take a 'hint' from highly SUCCESSFUL campaigns of the past; MARCH on the Capital and DEMAND ACCOUNTABILITY from those responsible!

In the current circumstances the public is Constitutionally obliged to act! Nations without such provisions in their Constitution envy the American public's LEGAL powers and prerogatives! So what are star-spangled slobs doing about it? Sitting with their collective thumbs up their collective arses hoping that someone else will do it - well, if you don't save your family and life then who will? 'Yawl' have to excuse me now, I have a banjo to play!

For fuck's sake!

The crimes are known, the problems are KNOWN, the criminals in government are known; it is they who will lead you to the criminals in the private sector -- the Forbes top 400 may also be of assistance! IT'S A FIXED GAME and everything is connected - blind Freddy sees!

DETAINING THOSE IMPLICATED IS A GOOD START - perhaps now Guantanamo Bay could be put to GOOD use! [We warned them that their reckless actions presented a double-edged sword to the public, seems they have sustained a deep and haemorrhaging wound!]

Good luck America! We have the BRW top 100 and Allan Moss to assist in our inquiries!

[You didn't listen - so now YOU PAY (for your greed and corruption).]
