In an attempt to smear his rival Barack Obama, John McCain referred to a flimsy connection between Obama and Bill Ayers, a founding member of the weather underground. McCain's now infamous quote given in a television interview was mentioned in a NYT article this week (link below): **"How can you countenance someone [Ayers] who was engaged in bombings that could have or did kill innocent people?"** Good point, John!

Mindless McCain

The above quote requires CONTEXT in order to highlight the vacuum-headed mentality and brazen HYPOCRISY of average Americans. McCain is a former navy pilot who fought an illegal war in Indo-China, a war infamously characterised by the 'kill 'em all' policy of INDISCRIMINATE CARPET-BOMBING. An early example of American military 'genius!'

Carpet-bombing in Indo-China resulted in the DEATHS of over TWO MILLION Asian CIVILIANS and the destabilisation of an entire region. Illegal American carpet-bombing in Cambodia enabled opportunistic communist leaders like Pol Pot to overthrow legitimate (moderate) governments and engage in more killing of innocents. How many more innocent civilians is America responsible for killing through its reckless military interventions?

Now read McCain's demented HYPOCRITICAL quote again!

Perhaps more recent proof is required for mindless 'banjo players.'

McCain stated he would fight in Iraq for **100 years!** The ILLEGAL Iraq war has already claimed over ONE MILLION INNOCENT LIVES and displaced four million persons. Imagine the result over a period of hundred years - GENOCIDE! That's the REAL logic behind John McCain.

McCain constantly bellows that he knows **how to win wars**, which would be difficult to believe in

the present context of lunatic logic, double standards and brazen hypocrisy - "countenance" that, you idiot!

Perhaps a little quiz to really drive the message home; who sang on the national media, "**bomb, bomb, bomb; bomb, bomb Iran?**"

Unlike McCain's inept military, Bill Ayers has never killed anyone; the 'weather underground' was noted for non-lethal POLITICAL bombings!

'Countenance' the above, you mindless MORONS
