Lunatic 'mission accomplished'

The world's leading, independent economists all stated it wouldn't and couldn't work -- what, the sheeple bleat? The very fast-tracked Paulson 'bailout' (for his fat cat mates!) But what of the poor sheeple screwed by rogues so perfectly? You were warned, COMPLACENCY comes at a PRICE, baa'aa!

Sell your gold or kiss my arse, hypocrite!

LIES, war, plunder, mass murder and mayhem, how's that for a 'known, known,' Rumsfeld, you demented sick fuck? Have you received your 'bouquet of flowers' from the Iraqi people yet, Mr Wolfowitz? Neocon criminals are lucky they're in the USA, the populations of Oz and other nations are not so passive!

One million innocent Iraqi, MEN, WOMEN AND CHILDREN MURDERED! A failed US economy and a ruined nation that will never again regain its moral authority.

We do not gloat or say we told you so, but you were warned (countless times) of this outcome but the sheeple remained PASSIVE and fit for the slaughter, which is now about to occur on a grand scale.

REAL GLOBAL WAR this time; global havoc all brought to you by your failure to rein in the BRAZEN criminals in the White House and on Wall St. Well, it's too late now they have their finger on the button and they have too much to lose - their liberty and possibly their lives! Have you ever danced to the light emanating from your irradiated bodies or watched the flesh fall from your bones?

As for other nations you were warned to cut your losses and let America sink in its own mess but your greed and fear prevented prudent action, now it's much worse - good luck! The people will have their day, especially in Asia and Europe!

No one to blame but yourself! Good luck sheeple, we are about to have a field day at your expense!

As for the international community, its never too late to unite and eliminate the child-murdering, rogue USA or would you prefer failed and insane America to launch and gain a first-strike advantage? Take good and realistic advice and OBLITERATE the rogue nation of thieves, murderers and mindless sheep - no loss to anyone. What do you imagine these lunatics are going to do in the

circumstances? It has only just begun; nip it in the bud or I promise you, based on numerous accurate forecasts and predictive analyses, it would be to your eternal regret if you fail to act for the good of ALL!

In a spin, loving the spin I'm in
Under that old black magic called BULLSHIT!'
