

G20: Bush pleads for return to 'free' market but collapse Inevitable

Capitalism, regardless of its many and varied disguises, is historically VERIFIABLE as WEALTH FOR THE FEW – that is its one most consistent, overriding characteristic! We therefore have no need to entertain lies that it is anything other than an unfair economic system that promotes inequity and insider elitism, which inevitably leads to the type of collapse we are experiencing at the present time!

The engine of capitalism is fuelled by GREED and theft/'profit' – would we expect such a system, based on such 'noble' human qualities, to arrive at the pinnacle of human achievement; or would it end in ruination induced by theft, plunder and other sordid activities? The answer is broadcast on the daily 'news!'

The economic problem facing the world at present is not identifying a flawed model but implementing viable alternatives; however, no alternatives exist at the present time! In the absence of alternatives die hard robber barons cling to the old flawed model, which is clearly in its death throes – note the terminology currently associated with economic 'recovery;' "BAILOUT", which is a common term utilised in the criminal jurisdiction and "STIMULUS", which is reminiscent of a cardiac arrest patient receiving huge electrical shocks!

But the unfortunate (for some) REALITY is, the patient is DEAD! The sooner we face that REALITY the sooner we would be able to embark on a road to recovery.

Labouring the point is unnecessary, as the current economic system is collapsing as I write!

Buried deep within it [capitalism] were the seeds of its own destruction; no external assistance required! Any real economist would indicate as much; a system based on inequity, theft/profit and fiction/lies – the TRUTH is credit/debt has NO intrinsic value whatsoever – MUST collapse! It will ALL be over by 2010, and there is nothing anyone can do to prevent the monumental forces already unleashed from achieving 'equilibrium;' a glorious word for some a nemesis for others!

In the meantime there is much constructive work to undertake.

In order to prepare a way for a new model all vestiges of the old FAULTY, FLAWED, UNFAIR model must be ERADICATED! Every 'high priest' of the old 'order' MUST ALSO BE HELD TO account for complicity in the indescribable hardship, starvation and suffering the policies of the FEW have caused the MAJORITY around the globe – JUSTICE will be served and DEMOCRACY WILL FINALLY BE RESTORED, never doubt it!

Listings of the culpable are easily sourced via business publications, the US 'top 400' and Australia's (BRW) 'top 100' are good examples. They provide a 'wealth' of useful names and other information – the arrogance of these PIGS is beyond measure!

I recall the famous last words of an Australian freedom fighter, "such is life," (gentlemen)! Justice will be sure and swift; the shoe is now on the other foot and there is no crack or crevice that will

offer you safety - IT'S OVER!
