The Associated Press is running yet another story on the now notorious "Pet Sematary" White House puppy! Given the many crises and current instabilities around the globe, dwelling on trivia is bordering on criminal neglect. A previous article mentioned the obscenity of the American media and its obsession with trivial matters while people are being slaughtered DAILY by American forces and mindless remote-controlled UAV (drone) attacks!

Hundreds of thousands of children killed by AMERICA will never see a puppy; these kids DIED NEEDLESS DEATHS at the hands of the 'liberators of the world' - give the world a fuckin' break, you murdering bastards! Innocents died and continue to die as a DIRECT consequence of US policies, ILLEGAL military invasions and cross-border strikes! Stick that on your dinner plate, you sick shits! That is the REAL and VERY CRUEL news of the day you HEARTLESS, reprehensible, Americans!

Wonder not why the majority of people around the globe detest everything American. Persisting in denial in the face of the overwhelming evidence REALITY provides earns the dreamer a future nightmare, make no mistake!

Accountability simply cannot be avoided any longer - address the issues of war crimes or forever be held in contempt.

There are consequences for every criminal action; the longer you persist in DENIAL the harsher will be the outcome - you can bet your miserable lives on that!

Consider the TRILLIONS spent on WARS and the COST in human lives -- over one million innocent men, women and children LOST FOREVER in Iraq alone! And you would affront the sensibilities of the WORLD with 'news' relating to a puppy that will no doubt bring a curse on the house that owns it! It is the silent cries of hundreds of thousands of DEAD children that weighs heavy on the nation that refuses to face or accept responsibility for its MURDEROUS actions.

THE WORLD IS WAITING FOR THE NEW LEADERSHIP TO ADDRESS THE MANY CRIMES COMMITTED BY THE CHENEY-BUSH REGIME! The worst kept 'secret' in the world is the war crimes of the Bush-Cheney administration.

What would you Mr 'palliative' Obama? Pretend to withdraw troops while forcing Iraq to sign a three-year extended occupation 'agreement' - you know what you can do with that piece of paper!

Perhaps a fake withdrawal the Australian way; re-classify occupation troops as 'dog catchers, advisers, plumbers and engineers' - it is extremely unwise to assume the world is as uninformed as the US population!

What do you have planned for the world after the inauguration? Warmongers, Biden, Powell and Albright all hinted at another covert operation that you hope would destabilise the world and save

your ruined economy. Be advised that other superpowers will have none of it - targeting systems have already been re-oriented in anticipation of such an 'event!'

Do your best Uncle, and hope like hell that it works. The stakes are much higher than you could imagine this time around. The world has wisened to all your subterfuges and criminal ways.

How do those American slogans go again? 'Bomb, bomb, bomb; bomb America' and 'the only good American is a dead American!' Close enough, you stinking killers - the world will be rid of you sooner than you think?

NOTHING SHORT OF CHENEY AND THE ENTIRE NEO-CON ADMINISTRATION IN THE DOCK WOULD SAVE THE USA!
