

The Irony of America's New World Order ..

by finch *Saturday, Nov 22 2008, 8:47pm*

international / injustice/law / commentary

is that America will more than likely be relegated to the background. The loci of power are inexorably moving EAST; and there is nothing outside a full-scale nuclear conflict that could alter that course - world leaders beware! Americans are proven mass murderers, as the civilian holocaust in Iraq clearly indicates!

Criminal President

It's not in America's nature to admit defeat; so with a marauding 'wild buffalo' in the kitchen and a crazed 'rogue elephant' in the bedroom, America pretends that it is NOT the world's LEADING TERRORIST STATE - even salamanders weep when faced with American HYPOCRISY and DOUBLE STANDARDS! Legalised torture, flouting the Geneva Convention, illegal detention, illegal wars, illegal domestic surveillance, undisguised attacks on the Constitution and the Bill of Rights AND THE MASS MURDER OF COUNTLESS CIVILIANS - what 'buffalo,' what 'elephant?'

The extraordinary thing is that America wishes to be taken seriously as a leading nation, though it leads only in CRIME and other VILE pursuits. George W Bush today AGAIN pleaded the criminal Bankster's case at the G20 summit, "free trade, a free market and a free people!" Recent history and REALITY are able to translate the new 'American speak;' "free trade" is plunder and exploitation, "free market" is INSIDER ELITES abusing markets as private casinos and "free people" denotes one million dead civilians - well done, America!

I'll conclude in the simplest possible language so the likes of dubya and the rest of America are able to comprehend. The future for America reduces to accountability before a real, independent, international criminal court, or alternatively, hanging the KNOWN guilty bastards from the nearest light poles - take YOUR pick!

[An alert to the superpowers of the EAST and the BRIC nations:

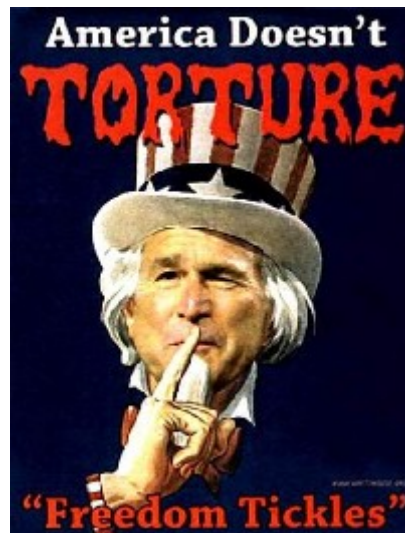

MAKE NO MISTAKE, as is evidenced by American instigated Tibetan unrest, the criminal Balkan wars, the Iraq and Afghan interventions and the Georgian fiasco! America has planned and is currently IMPLEMENTING strategies to destabilise other powers by promoting and fomenting social

unrest and division! The above examples speak loud and clear! Disregard sound advice to OBLITERATE the USA at your own risk. Leopards DO NOT change their spots, comrades! The mad dog and bloodthirsty rogue MUST be DESTROYED for the good of humanity.]

Postscript:

What say you on LAW and JUSTICE, Mr. Barack 'lying traitor' Obama? History will treat you harshly but fairly, you despicable HOUSE SLAVE!

To the REAL FREE PEOPLE of the WORLD, our day is fast approaching - WE are ONE!

'We the Banksters ..'
