

Is this 'Hope?'

Obama's reaction to ONGOING Wall St. fraud and insider Bankster secrecy falls EXTREMELY short of the expectations of REFORM that HE created during HIS fraudulent election campaign!

Confronting the latest outrageous example (\$50b) of ongoing CRIMINAL FRAUD from yet another ROBBER BARON, Bernard Madoff, Obama revealed his feebleness, weakness and reticence; the best he could offer in full view of the largest fraud in American/world history was, regulators "fell asleep at the switch" and "dropped the ball" - for Pete's sake - more ambiguous, meaningless metaphors, reminiscent of the linguistic chicanery of the outgoing administration. The people are not amused!

House boy, Obama

If the new administration fails to appreciate public sentiment regarding war crimes and massive economic vandalism/criminality from the elites, then they too can join Wall St Banksters, Halliburton/KBR, Cheney/Bush & Co. on the gallows, is that CLEAR? Perhaps a 'tad' more OUTRAGE, Mr Barack O'House slave!

Highlighting PUNITIVE MEASURES AND DEMONSTRATING BACKBONE in order to deter white-collar CRIMINALS that continue to pursue their nefarious trade with abandon is ESSENTIAL for any leader today.

In these times of MASSIVE SOCIAL DISCONTENT -- the current GLOBAL situation is a powder keg waiting for an astute leader to ignite - it is imperative to SATISFY the people's INNATE SENSE OF JUSTICE. Consider for a moment the recent Baghdad shoe-throwing incident that instantly garnered the support and approval of people AROUND THE GLOBE, and then try to understand the dynamics that incident created I-N-S-T-A-N-T-L-Y! It only required minimal push from experts to create a revolution and overthrow the criminals responsible for ALL the world's woes to date, yes, the AMERICAN elite, or the players behind Bush and Obama! And don't tell me you didn't know!

You forget too easily how Bush's approval rating plummeted to 15% and how Blair, Howard and now

Harper have been TROUNCED - notwithstanding the fact they had the entire mass media supporting them. Yes, indeed, it was the PEOPLE'S VOICE around the globe that translated DISCONTENT into ACTION that resulted in REAL political change.

Pretenders like Barack Obama, Gordon Brown and Kevin Rudd may wish to assess their options. Continuing to AVOID the most pressing ISSUES facing their respective leaderships may come at a very high price in the near future. I speak only to the former Howard government and current Rudd government now - consider very seriously your treasonous, servile behaviour regarding the wishes of the USA and compromising the national interest, gentlemen - ponder the now very real prospect of standing trial for treason and war crimes!

[Western governments today are so far out of sync with the people it is laughable!]

After a decade of enduring the most brazen criminal activities from governments the people have VERY HIGH EXPECTATIONS INDEED. You are offered friendly advice gentlemen, DO BETTER, MUCH BETTER, or suffer the very REAL consequences of flouting democracy and the wishes of the people.
