

Before our Eyes; baa'aa, moo!

Yep, we are now getting it served up for breakfast on a daily basis! Did you think there was something slightly amiss when the Bush administration described TORTURE/waterboarding as "enhanced interrogation," for Pete's sake! Or how about describing invasion, plunder and mass murder as spreading "liberty, democracy and freedom," for fuck's sake? There are now hundreds of such linguistic travesties littering our culture thanks to the criminals, rogues and MURDERERS WE ALLOWED to occupy positions of influence and power.

Trained specialists are alerted by any attack on language, such as the grossly misleading 'profit taking' that replaced 'selling' in stock market speak! Such attacks invariably indicate deception and subterfuge as today's failed market clearly indicates. Textual analysts are the underrated and undervalued canaries in the social coal mine of corruption, inept management and organised criminality. It's a damn shame few take the time to listen to the melodious warble of semioticians in ecstasy, especially when they sing songs of warning, calamity and impending doom.

Pause for a moment and desist from braying, bleating and cud-chewing. [You have no excuse; I was spawned in the slums and worked on the docks prior to obtaining specialist qualifications.]

Is anyone alerted or alarmed by the INTERNATIONAL MASS MEDIA CONTINUING to label an obvious GLOBAL RECESSION as a "financial crisis?"

The so-called 'FC' has now extended to the motor vehicle industry and other areas of manufacturing in the 'REAL ECONOMY,' an expression inferring that Wall St. is the UNREAL ECONOMY!

When the REAL economy is negatively impacted and is forced to go begging at the nation's capital, something very seriously is amiss with local economic management.

While we watch major industries lining up at 1600 Pennsylvania Ave. expecting handouts - why shouldn't they, bankers set the precedent - some recovering lobotomy patients have noticed that "financial crisis" doesn't quite fit the picture of a full scale RECESSION RACING towards a MONUMENTAL DEPRESSION -- possibly the largest economic collapse the world has ever known; patients have brought this inaccurate descriptor to the attention of their very amused 'doctors!'

"How would you like your euphemisms this morning, dear?" "Over-easy, darling!"

Isn't it about time we called a cocker spaniel a DOG, a recession a RECESSION and a war criminal a WAR CRIMINAL?

Dick 'Halliburton' Cheney recently, and with the utmost contempt for the braying public, OPENLY admitted to sanctioning TORTURE and bragged of its 'success' when no evidence to that effect exists. Indeed, one American commentator stated it plainly by citing the capture of Bin Laden's chauffeur as the ultimate prize of the Bush administration's TORTURE POLICY!

No prizes for guessing what or who destroyed America's reputation, standing and VIABILITY in the international community! But what should we do about it (Nelly)? Obfuscate, cover it up, hold mock inquiries AND THEN LET THE CRIMINALS GO FREE -- what did YOU expect?

Before citing local examples of INEPT, CORRUPT, NON-REPRESENTATIVE GOVERNMENT in action, I would draw your attention to a muted but clear threat/message delivered by Cheney during the course of the interview:

Cheney, referring to the "nature of the world we live in [today]" - which is largely the PRODUCT of his administration's murdering, torturing and destabilisation policies -- stated that the President "**.. could launch the kind of devastating attack the world has never seen; he doesn't have to check with anybody, he doesn't have to call Congress, he doesn't have to check with the courts, he has that authority.**" Good work, Dick, you raving psychopath, we are all so proud that you have been instrumental in ensuring that America will soon be OBLITERATED in the interests of maintaining global peace!

Let's call them (Bush administration) what they are, Barack; the most heinous and destructive criminals of the 21st century, it's not difficult when you have INTEGRITY and the BEST INTERESTS OF THE NATION AT HEART! When you assign the correct label the subsequent trial of culpable neocons and the rehabilitation of the nation will proceed almost automatically - take it from an expert dock worker.

Include (thematic) examples from your respective cultures here:

Sydney, Australia: The long awaited report into criminal collusion and impropriety between government, Federal Police and security agencies regarding the now infamous Haneef scandal/frame-up -- which was orchestrated to boost the re-election prospects of the 'aluminium tubing' Prime Minister, John Howard -- has today been released.

The glaringly obvious CRIMINAL collusion between former PM, John Howard, drunken Federal Police Chief, Mick 'dropkick' Keelty and the Immigration Minister, Kevin 'spaghetti-logic' Andrews, has 'somehow' been re-shaped into bureaucratic and procedural errors - well of course, we should have known!

ALL guilty parties have been cleared of any wrongdoing in relation to the character assassination and victimisation of an innocent, dark-skinned Indian Doctor framed on terrorism charges for purely political purposes -- \$8 million in taxpayers money was wasted in desperate attempts to compromise an innocent man, people in high places have much to lose! However, the gutless, servile and completely compliant Rudd government emphasised that it would NOT be pursuing any individual as a result of the, tailored for a specific result, inquiry! Who do you people think you are kidding with this insult of a result?

The obvious question from the public is, how long are drunken pigs, bungling bureaucrats, agency buffoons and non-representative CORRUPT politicians able to dupe an extremely disillusioned, ANGRY and aware public? Street riots in Europe, demonstrations in Asia and shoe-throwing incidents are indications of the HUGE AMOUNT of energy for social change that lies boiling just beneath the surface of YOUR IGNORANCE, CORRUPTION AND INEPT BUNGLING you reprehensible, divorced from reality, scum! Your day is approaching faster than you think - take it from an expert snake handler!
