

Forbes "Richest:" a tragic listing of perverse values

by budgie *Friday, Mar 13 2009, 8:11pm*

international / social equality/unity / commentary

Bill Gates, formerly of Microsoft Corp -- you remember, the producer of the world's most unstable computer operating system -- has re-floated to the position of world's 'richest' person, but I doubt the man is really 'rich.'

Bill Gates

I would easily make the Forbes listing if I had a dollar for every problem and crash the world's richest man's product caused me personally -- what a heap of shit! Now consider the reality of Bill Gates; he accrued billions of dollars with a **FAULTY PRODUCT**, a product that has cost companies around the globe trillions of dollars in downtime, lost productivity and maintenance costs - would you glorify the manufacturer of a car that had faulty steering and wheels that fell off on a regular basis? Bill Gates should have been sued out of existence not glorified; but we're in inverted logic and upside-down values America, remember?

America, the land of robber barons, thieves, mass murderers, failed economies, hillbillies, morons, **GUTLESS SLAVES** and politicians that arrogantly **CONFESS THEIR WAR CRIMES OPENLY ON NATIONAL TELEVISION** without the slightest fear of consequence! So yes, according to the prevailing (ill)logic/value system of a very ill nation, Bill 'snake oil' Gates is the richest man in the country and what a **PERFECT** indictment of American values Bill Gates represents - is it any wonder the nation's economy has **FINALLY** imploded?

Try and understand the layers of meaning buried in glorifying rogues and allowing mass murderers to go free and you may come to an obvious conclusion and solution regarding America.

The world is impatiently waiting for Obama/America to make a move to restore **JUSTICE** and the principles upon which the nation was founded. We'll give you (sepos) a subtle hint; **ARREST KNOWN WAR CRIMINALS, HOLD THEM ACCOUNTABLE** and punish rogues, robber barons and banksters for insider dealings, corruption and theft - if its perfectly clear to the world and your pet parakeet it should be clear to any star-spangled imbecile!

Until the causative factors -- systemic corruption and denial -- are addressed, it's down hill **ALL** the way!

Some new perspectives on old terms may help: profit is exploitation/theft; capitalism is wealth for the few; laissez-faire capitalism is obscene wealth for the very few, etc .. add to the list yourselves and transform your consciousness from that of slave to SOVEREIGN BEING.

Peace.
