Faced with overwhelming evidence of the Bush regime's criminal activities and growing international discontent and ANGER, the American head of State, President Barack Obaa'maa,' has made the 'earth shattering,' absolutely 'astounding' move of ABANDONING THE USE OF A FUCKIN' PHRASE, "[the] war on terror!" At this rate of dynamic, M-O-N-U-M-E-N-T-A-L 'change' the world will see Cheney-Bush & Co, face JUSTICE in the year 3000!

American Presidents today are real 'world shapers' and 'go getters' aren't they? Such dynamic leadership with a heightened sense of LAW, JUSTICE and MORAL leadership! Are YOU kidding me?

The WORLD is FUMING with dissatisfaction and Obama bans the use of a phrase, well, whoopee! If that's the best the White House can do in the current situation then bomb the fuckin' GANGSTER nation out of existence - it has clearly become a blight on CIVILISED humanity! Remember the DISSOCIATION of previous Imperial rulers; SOCIAL DISCONNECT always preceded their (dramatic) FALL!

Yessiree Bob, there's just no stopping Uncle Denial and his puppet White House show, the world is now placated Barack, 'great job,' mate, you fuckin' worthless piece of shit!

What an utter disgrace and unbearable shame for America, as history will no doubt record -- God FUCK AMERICA (up the ARSE!)

Do you MORONS really hope to survive in a dreamworld while ANGER and discontent sweeps across the globe?

Good fuckin' luck; no hope whatsoever!

I've got another phrase for you to fill in the blanks, Baa'raack: "The only good American is a '....' American!" You ought to know, America coined it while murdering Native Americans - you vile, reprehensible, SCUM!

The more you ignore war crimes the more they will undermine and destroy the nation. Doh!
