

The Alexander Solution!

international / social/political / opinion/analysis

When faced with the very symbolic and problematic maze of the Gordian Knot, Alexander the Great (supreme commander) did not follow the prescribed path but CUT the most DIRECT PATH through the problem and won the prize!

Has it hit you yet, Obama? You are the fucking President of the United States and Commander-in-Chief; even Bush understood the power associated with that Office!

Would you cease your endless meanderings and tip-toeing through the political maze; draw your sword and with one decisive stroke take REAL POWER, your office DEMANDS it! YOU OWE 'THEM' NOTHING 'THEY' OWE THE PEOPLE EVERYTHING!

ACT according to the powers invested in your Office - the Law is with you in every respect. It is THEY who have much to fear, you bloody watermelon-slurping slave! What the fuck is wrong with you? For fuck's sake, LEAD or be DAMNED!

You are able to jail most of your opposition for conspiracy and direct or indirect involvement in all the (military and financial) crimes committed by the previous administration - there are hundreds of crimes to choose from, Obama. Be advised slave boy, hesitation could be terminal in the current (critical) situation -- you should be aware that you are one of THEIR (expendable) contingency plans; turn the tables before it is too late!

It is the people they fear and the people would automatically follow a LEADER redeeming the nation and setting things right! The world would also applaud such a leader; people everywhere would be galvanized into action and perhaps even implement REAL 'CHANGE' that everyone could believe in! The times are begging for a radical outcome, not a soppy, vacillating coon!

For fuck's sake, you tap-dancing, melon-slurping, clown; ACTION is REQUIRED NOW/TODAY more than at any other time in recent history! If YOU fail to act, you will become an unwilling actor in THEIR radical 'solution!'

You know how to play the grass roots like a cello, Barack, what is stopping you - a LACK OF COURAGE, what? You should know there is no turning back now -- it's do or die!
