### America, "on the wrong side of history"

Today's new torture tolerant, civilian holocaust, America, now ranks with the world's most obscenely inhuman, criminal regimes. Laotian and Cambodian children continue to die from the millions of tons of unexploded ordnance **ILLEGALLY DROPPED** in their respective nations during the Vietnam war - no attempt has been made by Christian (hypocritical) America to **ACCEPT RESPONSIBILITY** and assist -- bombed into impoverishment -- nations in the removal of unexploded ordnance. The world capital of **DENIAL** is loath to face itself and its true murdering, criminal nature!

The **INDISCRIMINATE** (by nature) **CARPET-BOMBING** campaign designed and implemented by kiss of death, Henry Kissinger, resulted in over 3 million innocent civilian deaths - Kissinger today not only enjoys his freedom but this **AMERICAN MASS MURDERER** has been and continues to be protected by successive regimes since serving under the technically impeached, criminal president, Nixon!

America has a track record now approaching the slaughter record of Nazi Germany, yet it continues to justify its invasive, imperial expansionism by citing its own 'black op,' 9/11 (now a **thermite** proven **INSIDE JOB**) as an excuse! This excuse for waging warfare on numerous sovereign states and innocent citizens around the globe no longer holds water outside the USA; no person with 'half a brain' accepts the official version of 9/11 or the assassinations of JFK, Bobby Kennedy and Martin Luther King jr!

However, it is **CLEAR** that this is the manner in which the USA conducts its 'business' - compare with China peacefully negotiating with other nations for the resources it requires!

[Is there any doubt as to the true nature of this vile, star-spangled, **BEAST**? The key to understanding the nature of the game, with a view to removing/razing this vile criminal nation lies in understanding the nature of the beast!]

The USA today continues to probe and encircle Russia, desperately seeking an advantage in order to launch a nuclear strike - that is **FACT**! The feeble attempts to destabilise China via the CIA puppet Dalai Fraud have resulted in profound failure, yet the maniacal USA refuses to desist or live in peace with other nations; it accepts only subservience -- cringing Australia -- or confrontation/**WAR**!

If the nation were a person there would be no doubt as to its psychopathic nature and the danger it poses to others - 1 million innocent civilian dead in Iraq are mute testimony to the **FACT**!

Today, America remains firmly entrenched in **DENIAL** and dissociation; rather than showing remorse for the heinous **TORTURE** it continues to inflict on others, the population prattles over the first hundred useless days of its new show-pony, slave, President Obama -- a black puppet that facilitates a minority white status quo! The world is mocked by America's brazen criminal nature yet the U.S. population seems to take perverse comfort in its brutal arrogance.

It is evident the majority of Americans are unwilling to hold the leadership to account regardless of how heinous or reprehensible its crimes. However, I would remind an obviously sociopathic nation that the remainder of the world does not so readily abandon its humanity nor its sense of justice.

Allow us to offer a little home truth regarding your new, black, show pony, president; until such time as he and the nation acknowledges their crimes and holds the criminals to account, American credibility remains at ZERO, as does any legitimate political influence it hopes to wield in the future - in other words it's all down hill from here!

Arrest the TORTURERS and WAR CRIMINALS and HOLD THEM ALL TO ACCOUNT - only then does this pariah nation stand a chance of survival in the long term. America is no match for the entire OFFENDED international community.

The first 100 days are marked by continuing decline and major disappointments - that is the REALITY!

TORTURE and war crimes are COMPLETELY UNACCEPTABLE; they MUST be addressed and the guilty dealt with according to CIVILISED law and convention!

'Can we?'
