Comrades, brothers and sisters and all thinking people of the world - WE are ONE!

[And we know what we must do.] Proof irrefutable that the USA is LOST!

B. H. Obama

As incriminating evidence mounts, indicating that torture was primarily utilised by the former US administration to extract 'confessions' and make a case to justify the illegal invasion of Iraq, 'George W Obama' continues to protect those responsible by withholding photographic evidence of torture and failing to prosecute known war criminals. Furthermore, Obama has not only failed to eliminate military kangaroo trials for torture ravaged Guantanamo detainees he has re-activated their use!

Obama's most ardent supporters must be finding it difficult to ignore the hard reality that Obama is nothing more than criminal business as usual with a smiling face.

Prosecuting wars of invasion and occupation, protecting torturers, reviving most of the policies of the former regime, including the continued provocation of Russia and China, one could hardly be surprised to learn that Obama was first employed professionally by 'kiss of death,' Henry Kissinger and remains a loyal member of the Bilderberg group.

Some progressives imagine Obama has back-flipped or reneged on his promises but the latest revival of kangaroo court commissions for tortured detainees leaves no doubt whatsoever, this man is a criminal fraud no better than his predecessors; "sufficient unto the day is the evil thereof."

The call goes out again -- we know what we must do!

Peace only prevails when the causes of chaos are subdued.
