Where did all that money go?

For those unaware that Cayman Island banks offer refuge for corporate tax cheats, drug cartels, CIA and other sordid organisations - BE ADVISED! A huge percentage of the filthy cash deposited in 'haven' accounts has been utilised to prop up (failed) US banks - did you really imagine criminal and clandestine 'refuge' banks were somehow disconnected or separated from the rest of the banking world, you greedy morons? All those filthy, mega CASH deposits have been absorbed and distributed as digital numerics throughout the entire banking world- in other words, the bulk of the cash is gone! But you could always go to the FBI or other regulatory body and 'scream' that you've been robbed, or that all 'YOUR' stolen blood money HAS BEEN STOLEN!

If you don't believe it, ATTEMPT TO REDEEM THE GREATER PORTION OF YOUR FUNDS - THE FILTHY TRILLIONS ARE GONE - too funny! And it couldn't have happened to a more deserving lot!

Hackers and others are laughing all the way to their respective REAL WORLD investments, SUCKERS! We loved every minute of it - how does it feel, assholes?
