

Obama: the Smiling Assassin

international / social/political / opinion/analysis

After receiving endorsements from Cheney, Powell, Rice, Kissinger and numerous other AMERICAN EXTREMISTS, TERRORISTS and WAR CRIMINALS it is hardly surprising Obama is what he IS; a lying, despicable fraud and expeditor of a status quo that was set in motion long before even Bill Clinton's Balkan invasion and deregulation of the financial/banking sectors - the reader will note that today's US militarism and financial catastrophes are the result of Clinton's deregulation policies and his attack on a sovereign Balkan nation -- notwithstanding America has not yet seen a retaliatory response from the persecuted Serbs.

A DEVASTATING retaliatory attack on the USA leading to a major international conflict would be perfectly in character with Serbian history. Serbs seem to possess an uncanny ability to dispatch the world's most powerful rulers - the Sultan of the Ottoman Empire in 1389 and Archduke Franz Ferdinand, early 20th century.

A people and a nation victimised throughout history develop unusual cunning and extremely effective survival skills, as Hitler's invading forces also discovered during WWII.

Attacking Serbs is an extremely dangerous pursuit at the best of times but attempting to steal Serbia's heartland, Kosovo, is pure insanity; Serbs do not take kindly to foreigners attacking their ANCESTRAL HOMELANDS; every Serb in the world is aware the Balkan conflict is far from over! You have plenty to fear, you dumbfuck yankee doodle DUNCES!

One could almost feel sorry for the hapless yanks but not for traditional allies Russia and China - both may soon regret abandoning Serbia in its time of greatest need! Involving superpowers in conflict is child's play for Serbs - too easy 'comrades,' far too easy! Unless immediate steps are taken to return the STOLEN province of Kosovo, via legal avenues and military assertion - the ISSUE WILL BE FORCED, of that you can be assured, c-o-m-r-a-d-e chicken-shits!

Once again Serbs are poised, by virtue of their invisibility and presence in every Western nation, to strike a lethal blow to the throat of the enemy!

But this short paper deals with the pathetic US puppet, B. H. 'slave boy' Obama, and the methodology employed by America to distract the world from REMEDIAL ACTION in the face of the

largest threat to world peace seen since the lunacy of the Nazis!

We have just witnessed the latest tactics of the US in Sri Lanka. Regardless of the (enormous) cost in innocent CIVILIAN lives, Tamil separatists were relentlessly pursued/attacked in blitzkrieg fashion until the leadership was either routed or killed. However, experts are aware the situation is extremely precarious. Unless social reforms and programs are implemented immediately -- to alleviate the extreme suffering of the Tamil people -- the movement will simply go underground and in record time, rise from the ashes like a Phoenix! Independence movements are not dependent on personalities they are fuelled by dreams, passion, desire and the overwhelming need for JUSTICE.

The idiotic cake-cutting media display of the very nervous Sinhalese leadership betrays their anxiety and naivety. Experience and sense dictate that all such 'celebrations' are premature.

Until such time as Tamils are treated equally with dignity and respect all 'victory' celebrations are hollow events -- the network that supported the Tigers over the past three decades remains almost completely intact; a fact the compliant Western mass media failed to address!

It is Western media tactics that return me to the Obama issue. We note that reams have been written on what should now be obvious to all -- OBAMA IS A SERVANT OF THE ELITE EXECUTIVE, A BETRAYER OF THE PEOPLE AND A MONUMENTAL FRAUD! So why the continuous discourse on this redundant subject?

Western propaganda has developed a new slant on an old tactic, the 'in plain sight invisibility trick;' (for want of a better expression). Constant coverage of a subject regardless of whether the presentations are favourable or negative diverts focus, attention and ENERGY away from VIABLE SOLUTIONS and replaces the need for POSITIVE ACTION with constant media drivel! While the masses are fascinated/distracted by 'coverage,' THE POWERS REMAIN UNASSAILED and free to continue on their destructive course.

Surely the penny should have dropped with Obama when it was widely reported that he (and Clinton) attended the last Bilderberg meeting in Virginia! NO? Well what about his early formative relationship with Kissinger, hint, hint!

There is no shortage of critical material written on the previous regime BUT did it MATERIALISE into ARRESTS? NO! Bush, Cheney and the rest all walk free; furthermore, Cheney is so arrogant and contemptuous of the Law he openly admits that he approved torture, in fact he continues to brag about his role in the most criminal regime in US history!

Perhaps I should state here that the world's 'secret' weapons against the USA are American idiocy, fear and PARALYSIS -- but without doubt the greatest American weakness is raw stupidity/dumbness. The nations that have overtaken the USA in many areas ALL have FREE education systems based on natural selection and MERIT. The American system is based on privilege and/or money, which results in types like G W Bush ascending to the presidency and THEREIN LIES THE INEVITABLE FUTURE DEFEAT OF THE U.S. 'dumbfuck' Ay! 'We' are not just a 'little' smarter or quicker!

The American masses have become PASSIVE CONSUMERS of feeble propaganda rather than ACTIVE PURSUERS of JUSTICE, another symptom of social decay/defeat!

This is particularly the case with the so-called progressive media.

Thousands of articles relating to Obama's lack of integrity have been written but few (if any) appeal to the reader's innate sense of JUSTICE and call for remedial ACTION!

DIRECT ACTION has always been the most appropriate (ONLY) remedy for corrupt leadership, in fact there are no solutions without A-C-T-I-O-N! If thousands of articles and releases are issued daily WITHOUT a RALLYING CALL then they have no more merit than toilet paper.

I am staggered by the American 'left' actually engaging in apologetics for Obama - who are these 'writers' actually working for? Authors and outlets go so far as to heavily criticise Obama but always stop short of 'demanding his head' let alone RALLYING READERS TO ACT IN THE NATION'S BEST INTERESTS!

The 'powers' win regardless of favourable or unfavourable coverage! Paid for hacks never offer readers VIABLE SOLUTIONS or rally their readers under the banners of JUSTICE, LIBERTY AND DEMOCRACY - principles lost under the previous regime and left to wither and die under the PUPPET Obama regime!

Note well, that REAL leaders like Martin Luther King never failed to rally the people to the cause of FREEDOM and JUSTICE.

Traditionally it has always been the role of journalists to preserve our hard won freedoms and liberties. The guardians of democracy have always been the journalistic fraternity - well, take a good look at them NOW! Paid for lackeys not worth pissing on!

The few souls left wandering the desolated earth can thank U.S. militarism and the insane dream of world domination by a single power for the END result. The utter insanity of America is matched only by the complete paralysis of the masses to save themselves from annihilation. Obama! Yes we can destroy ourselves!

We would like to draw your attention to the fact that only one superpower has been invading, plundering and slaughtering up to a million innocent civilians over the past decade -- that superpower is NOT Russia or China, it is the USA!

We cannot predict an outcome to hostilities if America persists in its invasive militarism; however, we can ensure the TOTAL OBLITERATION of the continental United States of America and Western Europe -- that is CERTAIN! Nothing is able to defeat the combined strength of the Sino-Russian military alliance at this time nor in the near future. Let the world know that we must defend ourselves against the insane aggression of NATO/America

Tamil Nation
