

North Korea nuclear test: 'reality pill' required

by yarra Tuesday, May 26 2009, 10:50pm

international / injustice/law / commentary

What day is it, America?

As usual the U.S. disinfo-misinfo MYTH machine swung into full action after the recent North Korean nuclear test. The US immediately condemned the T-E-S-T stating that it was in flagrant violation of International Law – you know, that's the 'LAW' the U.S. has flouted for the past decade! Over one million civilians killed directly or indirectly as a result of US MILITARY adventures in Iraq alone! Hundreds more INNOCENT civilians killed by DRONE ATTACKS in Central and South Asia and of course the ACTION that started it all, the U.S. led Balkan intervention and THEFT of European SOVEREIGN territory! That's 'observing' International Law for ya! [God forbid the mention of TORTURE!]

The US CLEARLY regards INTERNATIONAL LAW as something akin to toilet paper; yet it has the audacity to claim that a nation conducting underground tests, which resulted in the deaths of a few earth worms, has committed a grave crime – what do you people put in the local water supply?

Should we compare the INNOCENT CIVILIAN DEATH TOLL of both nations?

N. Korea is probably responsible for the deaths, via starvation and inept government of approximately 1 to 2 million of its own citizens since the Korean War. America, always a nation to do one 'better' than every other nation in the horror stakes, has murdered approximately 6 million INNOCENT CIVILIANS since the Korean war – the majority of deaths occurred as a result of an INDISCRIMINATE (criminal) carpet-bombing campaign in Indo-China and the illegal invasion of Iraq.

Check the FACTS and FIGURES before you so readily swallow the feeble propaganda issuing from the United States of LIES and DECEPTION! Should we also emphasise that Barack O'Betractor has back-flipped on every single promise he made prior to gaining the presidency! Furthermore, his ACTIONS have aligned themselves almost perfectly with the policies of the former Cheney/Bush regime, but what are ACTIONS next to smooth DECEITFUL words?

It should never be forgotten that Obama's first executive military order resulted in a notoriously inaccurate and sloppy DRONE attack on a village in sovereign Pakistan, which killed over 140 innocent civilians! In case you've forgotten, killing civilians is still considered to be a WAR CRIME but of course when America commits heinous war crimes they are somehow transformed into humanitarian acts of benevolence or at worst 'collateral damage!' Never mind the FACT they are committed by an INSANE, sociopathic nation bent on world domination. Do not forget it was the ultra-right-wing Karl Rove who most favoured imprecise DRONE WARFARE -- Barack O'Who?

However, if the USA and its pathetic cringing allies truly wish to make the world a safer place we suggest disarming the HUNDREDS of NUCLEAR WEAPONS in Israel's possession. It is clear the STOLEN State of ISRAEL poses the GREATEST THREAT TO WORLD PEACE today. We suggest immediate UN intervention before the inevitable occurs!

Two videos are included in this 'reality pill' report; if listened to critically, they serve to highlight the absurdities and hypocrisies of the LYING, USA.

Fortunately the majority of our readers belong to the literate, thinking world, that is, most live outside the (lobotomised) USA; lucid thought is indeed a rare event inside continental USA.

Very few writers outside the USA expect the situation to change in America anytime soon. Those who continue to hope for change, hope in vain!

Wonder not whether we are disappointed or angered, rather NOTE how much more DETERMINED, MOTIVATED and DEDICATED we are to healing the world of the blight that infects it; the U.S./ISRAEL DISEASE!

CLEARLY, there can be no peace on this planet until those two nations are obliterated! That is the REAL news of the day!
