

CORRUPTION is complete when crimes are offered as justifications

The character of criminal States and governments

AMERICA, The world's leading civilian killing nation, recently took the (fateful) plunge into pure sociopathology by attempting to use a crime as an argument to justify the crime itself! In this instance the case relates to TORTURE, which remains one of the most heinous and abhorrent crimes known to civilised society! A watershed moment in the continuing decline and (now certain) future collapse of the USA has occurred!

The criminal insanity of AMERICA is made plain by high ranking CIA officials, Leon Panetta, making formal objection to the planned release, by a member of the U.S. judiciary, of ninety two (92) CIA videos, explicitly depicting the TORTURE of various people illegally detained in U.S. controlled TORTURE FACILITIES!

It was only yesterday that healthy, democratic societies exposed and dealt with criminals in their midst; however, America today attempts to use the consequence of crimes to justify and SUPPRESS EVIDENCE of the crimes committed! This subversion of the legal process by high officials demonstrates the systemic criminal corruption that has overtaken the USA; a situation conveniently exploited by those that would otherwise face prosecution!

President Obama's acquiescence to Panetta's outrageous demands demonstrates with little doubt that the highest offices of State have been hijacked by CRIMINAL INTERESTS; numerous examples of criminals seizing State power can be found in the historical record. A recent example would be the Nazi takeover of Germany in the mid 20th century.

EXPOSED offenders were once tried and punished according to the measure of their crimes -- I need not remind AMERICANS that TORTURE, which is NOW tolerated in the USA, continues to be regarded by the CIVILISED WORLD as a particularly heinous and brutal crime against HUMANITY!

CIA chief, Leon Panetta, and other high ranking officials in the Obama administration, are making formal objection to the release of incriminating video information detailing torture on the grounds that it would prejudice the standing of the USA in the international community and that it would supply those in favour of prosecution with the evidence required to bring the CULPABLE to TRIAL! Well of course, but let's not forget that horrific crimes against humanity would be curtailed and the culpable would be held accountable -- allow the LAW to do its job, THAT'S HOW OPEN, HEALTHY DEMOCRACIES SELF-REGULATE!

Panetta's objection is equivalent to a murderer pleading with a court not to admit evidence PROVING that he is the murderer - only in America!

Panetta, never daunted by imputations of flawed logic, corruption OR insanity, stated that the documentary and video EVIDENCE in question contained "*sensitive operational information!*" We bet it does, Leon! He also stated that the release of this evidence "*could be expected to result in exceptionally grave damage to the national security by informing our enemies of what we knew about them, and when, and in some instances, how we obtained the intelligence we possessed;*" yes

indeed, BUT it would also COMPROMISE those responsible for AMERICA PLUMMETTING into the abyss of a self-justifying CRIMINAL STATE. Panetta and other involved parties too easily forget the FATE of previous CRIMINAL STATES that attempted to justify their heinous criminal actions - Sieg Heil!

Clearly, the 'enemy' Panetta and his cohorts fear most is the LAW!

With the abandon characteristic of psychopathology, Panetta continued; "*disclosure of explicit details of specific interrogations*" would provide enemies of the state (al-Qaeda) "*with propaganda it could use to recruit and raise funds*;" indeed, but it would ALSO provide LEGAL AUTHORITIES with necessary evidence in order to deal effectively with criminals infecting vital institutions and other areas of government!

Panetta described the documentary information as "*ready-made ammunition*." Really! Is the evidence so completely incriminating, Leon? That revelation ADDS to the need for FULL DISCLOSURE in order for wrongs to be made right and to allow LEGAL AUTHORITIES to effectively deal with criminal elements that have infected American society. International and local LAW provides a wealth of punitive measures dealing with torture and other crimes against humanity - the INNOCENT HAVE NOTHING TO FEAR, Leon!

But perhaps the most incriminating exposure to come out of this scandal is the position of former lecturer in LAW and current president of the United States, B.H. Obama, who supported CIA requests to withhold the incriminating information at issue - in other words the more compromising the crime the more secrecy from the administration is required!

Does anyone see a difference between America's CURRENT position/attitude and that of the Nazi hierarchy under Adolf Hitler?

I would remind the U.S. hierarchy that their denial and delusions are NOT SHARED by other nations.

America has ventured down an extremely dangerous path - no previous criminal State has ever survived that particular course, as history accurately records.

Woe is America, the world's leading criminal nation! How many civilians have we tortured and killed today?
