

It's Slogan time!

The "Where is my Vote" slogan, complete with associated green 'colour,' is the clearest indication/evidence yet of (Madison Ave) U.S. meddling in internal Iranian politics.

Well, good luck Uncle, as we say down here, you have two chances of succeeding in Iran, 'Buckley's and none!' Nevertheless, we can't thank you enough for leaving your star-spangled, MEDDLING fingerprints at the scene of your illegal interventions. Now the whole world knows of your scheming and interference in the democratic process of other nations!

What do you propose to do now, Jethro, with Russia and China on full alert to your INTERFERENCE? Bob Gates' new 'defence' strategy (give us a break) for Hawaii may have to be extended to Continental USA, you scheming cockroaches!

Unlike your mindless local population, we are able to add the qualifier, 'YES, WE CAN DEFEND OURSELVES AND OUR ALLIES,' from U.S. interference!

Give it your best shot; who knows, Western Europe may catch the 'ball?' I am reminded of an old but very appropriate adage, 'O, what tangled webs ...,' see if YOU can finish 'it.'

(Another great line, not yet a slogan!) 'First we take Australia, then we take the region!'

'Georgia, sweet Georgia ...,'

Be careful, you might give the game away; your own population may realise you have been playing them off as CHUMPS!
