Inward looking Western elites create ready-made armies of discontent

The incompetence and myopia of self-serving elites has created ready made armies of angry, discontented people that promise to threaten the stability of nations in the VERY NEAR FUTURE!

Memories

Just where did western elites think they were going creating the most gaping disparities and inequities seen since the time of the Pharaohs or ancient Rome? Straight to the 'Guillotine,' it would seem. Need I remind those avaricious, corrupt, pigs that those who fail to learn the lessons of history are condemned to repeat them!

As mentioned previously; is NATO ready to halt the advance of countless hordes pouring across land borders headed for Western Europe? Did the 'geniuses' who formulated PNAC and the perpetual war doctrine, factor-in the far reaching consequences of THEIR IRRESPONSIBLE TACTICS? The wars of today are mere skirmishes compared to the guaranteed unrest predicted for tomorrow! IF MONIES DIRECTED TO MILITARY SPENDING ARE NOT IMMEDIATELY RE-DIRECTED TO FEEDING THE STARVING THROGS AROUND THE GLOBE there will be hell to pay!

Various 'think' (septic) tanks seem to have neglected the degree to which neo-con policies would DISRUPT the WORLD! Deluded elitist clowns continue to labour under the misapprehension that they, by implementing draconian social measures, would be able to continue as ruling elites - in their deluded, exclusivist dreams, I would think! I have personally met dozens of bright, charismatic, potential leaders born to the task of rallying the masses AGAINST a REVILED AND READY-MADE ENEMY - no Madison Ave slogans required! To use a biblical analogy, the tiniest amount of yeast raises an entire loaf. One can barely remain seated listening to the addresses and speeches of these exceptional individuals.

However, skill is not lacking, the time is not yet optimal; consider the effects of total economic collapse (2010), geological upheaval and climatic disruption of existing food producing areas - perhaps then you would have YOUR time, gentlemen.

The people would SOON have their day and never forget -- if you number among the elites -- there's a light pole with YOUR name on it!
