

The Obama re-action to Iran unrest

Did I do good, Henry?

Obama's previous employer, Henry 'kiss of death' Kissinger, recently announced to the media that if the current Iranian protests failed (to install a U.S. friendly government) then the neo-con concept of 'regime change' should be pursued by Obama! (see video)

A few days later -- wonders never cease -- Obama abruptly reversed his previous non-committal approach to the Iranian elections and placed himself squarely in the camp of the protesters -- notwithstanding that the orchestrated protest 'movement' bears all the classic signatures of U.S. interference!

In reference to a tragic street shooting and to assist in political martyr creation, Obama referred to an unfortunate female victim's death as "heartbreaking" and "fundamentally unjust" -- we can hardly wait for some choice words on the ONE MILLION CIVILIAN DEATHS in occupied Iraq, Mr Obama!

ALL deaths involving innocents are tragic and unjust, Barack, especially those that could have been avoided had the U.S. followed standard UN procedures prior to embarking on the 'pre-emptive' road that led to the first civilian HOLOCAUST of the 21st century!

We also note American support for Israel during its child-killing rampages in South Lebanon and Gaza! Your words and empty moral logic sway NO ONE in the THINKING WORLD, Obama; however, we do note that in postage-stamp-attention-span America even the insane remarks of far right, "bomb, bomb, bomb, Iran," John McCain, gain currency.

With a terrorist/civilian killing record that cannot be matched by all other nations combined, insane McCain asserted that America should take an interventionist role in Iran, "the world looks to America for 'MORAL LEADERSHIP,' blurted demented McCain on national television! However, the facts dictate that the U.S. remains the leading violator of law and international convention in the world today -- McCain's definition of 'moral' would certainly make interesting reading in a text describing pathological personalities -- the world should never forget how close this man came to winning the presidency!

In the moral train wreck that is post Bush America, the world looks to ITSELF for solutions, Barack; the elites placed you in power to hopefully claw back lost ground and credibility. America has clearly forfeited any claim to any leadership, moral or otherwise, due to its failure to pursue its own, self-confessed war criminals and TORTURERS. The American criminal elite remains free, in control, and intolerably arrogant -- think again Obama, you are supposed to be a lawyer. Just exactly what impact do you hope to have with the people if war criminal and mass murderer, Kissinger, is seen to be clearly directing your moves? As president of the world's most immoral nation you are qualified either as puppet or criminal! Try thinking instead of tap-dancing for a change!

Perhaps a few descriptive words on Israel's criminal actions targeting UN safe zones jammed with children and other innocents seeking safe haven during the Gaza incursion may help in gaining some credibility, Barack! The world is no longer fooled by empty rhetoric Obama. All hypocritical

statements and various attempts to deceive are seen clearly for what they are, you do yourself and your nation a great disservice by pursuing failed US policies and methods - I remind you Mr Barack O'Howard, you are the President and Commander-in-Chief; I know what you fear most BUT 'they' are only human (and quite limited). A few deft and DECISIVE manoeuvres safeguard the 'throne!'

Watching you perform on cue for these sociopaths makes you a very tragic and pathetic figure on the world stage. What guarantees have they offered for your personal safety and the safety of your family? It's your keepers that pose the greatest threat! They already have a plan for your assassination, which includes your entire family - for maximum effect! They would sacrifice you ALL without hesitation if the need arose -- AND IT WILL!

Until such time as the world sees some SUBSTANCE and REAL moves to right the many wrongs committed by the previous criminal regime, the CREDIBILITY of your MORALLY BANKRUPT nation remains at ZERO!
