international / injustice/law / commentary

The 'Central Intelligence Agency' lying to Congress is hardly a 'revelation!' The CIA has been lying to Congress and the American people since its inception. You will note what occurred when Jack Kennedy attempted to manage the CIA by starving it of funds; the CIA immediately became involved in the SE Asian Heroin trade and Merchant Banking.

Nancy Pelosi

Since discovering the benefits -- financial independence and operational autonomy -- of the drug trade, Heroin production has followed ALL American military 'adventures' since! Which nation is the Heroin production capital of the world today? Afghanistan, of course -- déjà vu? No! The CIA in action? YES!

From the SE Asian Golden Triangle to the Central Asian Golden Crescent, only locations change -- the two constants in large scale Heroin/illegal drug production remain the US military and the CIA!

However, even the drug dealing, murdering CIA is forced to tell the truth at times, especially when sympathetic Republicans take office. Regarding House Speaker Nancy Pelosi's knowledge of APPLIED WATER TORTURE during the Bush years, rest assured she had been fully briefed.

Bush and Pelosi colluded to SUBVERT DEMOCRACY in America. For that and other offences against humanity they BOTH should be placed on trial for TREASON!
