American Corporatists, Bankers and Financiers have sent their, groomed for the task, puppet to Africa to stem Chinese dominance of the oil/resource-rich region. We should mention that commercial trade between the African continent and China has existed for thousands of years, as archaeological evidence in Kenya reveals. However, the modern world has a new brutal, mass murdering, imperial player on the scene, America, which distinguishes itself from civilised nations by unrepentant civilian-killing, huge scale drug manufacturing (by proxy) and political meddling in the affairs of other nations. No other nation comes close to America's MONSTROUS RECORD in brutality, exploitation and drug proliferation – they are the FACTS, as opposed to FOX 'news' spin and propaganda!

Today the criminal empire that is Corporate America is widely known for what it is, a GANGSTER STATE OF THIEVES AND KILLERS that either flouts the Law or manipulates it to suit itself! So profound is American corruption that its leaders are no longer able to speak without contradicting themselves – a situation that would be amusing except for the horrendous trail of death and destruction that follows America everywhere it goes!

The following excerpt from Obama's recent speech in Ghana is one such example. If you listen carefully to what is said by Corporate America and compare to America's ACTIONS, one accurate word immediately applies – HYPOCRISY! But please, determine TRUTH for yourselves:

"Repression takes many forms (*mis-dis-information, FOX news, corrupt judiciary and Congress*) and too many nations are plagued by problems (*Banksters, Financiers, manipulated Stock 'markets'*) that condemn their people to (*servitude in perpetuity*) poverty. No country is going to create wealth if its leaders (*Paulson, Madoff, Geithner, Bernanke, etc, etc*) exploit the economy to enrich themselves, or police can be bought off by drug traffickers... No person wants to live in a society where the rule of law gives way to the rule of brutality (*TORTURE*) and bribery (*systemic corruption*). **That is not democracy, that is tyranny, and now is the time for it to end.** (*you got that right!*) ... Africa doesn't need strongmen, it needs strong (*LEGAL and REGULATORY*) institutions."

Too easy, too corrupt!

The long-suffering, EXPLOITED, oppressed, people of the WORLD are ONE! Our time fast approaches!
