

Farce at the Hague

Karadzic is best served by remaining silent and allowing the overtly biased Hague puppet court to hang itself good and proper. [No Americans or Israelis have ever stood trial for war crimes at the Hague, notwithstanding the countless innocent civilians they have murdered!]

Do not forget it's never a war crime if the U.S. bombs and murders innocent children and civilians or Israel intentionally targets UN safe-havens in Gaza, it's "collateral damage" - well, of course it is!

Serbs around the globe have had enough 'justice' to last the century! The Karadzic farce at the Hague is likely to destabilise an already dangerous situation in the Balkans -- this time, however, Russia and China will not stand in the wings.
