The "perpetual war" strategy has failed!

It seems the entire world has had enough nation-destroying, civilian killing and overt terrorism from America! People everywhere have CLEARLY moved on, convinced no more by the platitudes and diatribes of hate, violence and NEEDLESS war, war, war!

'New' U.S. Secretary of State, Hillary Clinton, is gallivanting around the globe preaching the very same message as her predecessor, Condi Rice -- occupation, violence, destruction, hate, division and W-A-R -- but few are buying. It's 'the same old US song,' regardless of the skin-colour of those who deliver it.

Today that brutish, rustic message gains less traction than ever before. The U.S. bag of effective propaganda tricks is clearly empty! In fact, if propaganda were money it would be on par with the printed to death, greenback!

The entire world has grown tired of the transparent deceit, hypocrisy and double standards of the USA -- Clinton insists that the CONSTANT SLAUGHTER OF CIVILIANS by U.S. FORCES is NOT terrorism!

Make no mistake, from any perspective you care to choose (especially economic) it's the end of the line for the USA -- finito!
