

Internet killed the media mogul

by Kismo *Friday, Nov 6 2009, 6:02pm*

international / mass media / commentary

The old mass media linear paradigm of '*one transmitter a million receivers,*' has been superseded by, '*billions of TRANSCEIVERS!*'

Murdoch, desperate megalomaniac living in past

Modern Communication is now a multi-lane digital highway -- the people are empowered!

It is almost amusing witnessing redundant media moguls -- confronted with the new digital world -- thrashing, witless, like fish out of water, isn't it, Rupert?

Good riddance to non-elected, non-representative Corporate interference in the Democratic process of Government.

Let **Barack Obama, Gordon Brown, Kevin Rudd**, etc, be the last PUPPET 'leaders' PLACED in power by the UNREPRESENTATIVE likes of Rupert Murdoch and others of his (fading) genus!

We are ONE.
