The Australian PM's subservience to Washington is sickening; Oz has had enough of spineless, servile 'leaders' kow-towing to Washington's every whim! Kevin Rudd has not the skill to recover from the deep disaffection almost all Australians feel over 'his' latest decision to increase numbers of Aussie personnel - following increased troop numbers -- to Afghanistan. The guts of the nation turned today in total DISGUST and dismay; Australia and the ENTIRE WORLD HAVE HAD ENOUGH OF MASS MURDERING AMERICA and its FLAGRANTLY CRIMINAL WARS!

Kevin Rudd

Following in the GROVELLING FOOTSTEPS of the most COWARDLY Prime Minister in Australian history, John 'yez George' Howard, Rudd 'caves' like a Queensland jellyfish to the dictates of the world's leading civilian and child killing nation, AMERICA!

It is difficult to determine the object of greatest loathing, Kevin 'custard-face' Rudd or the corrupt, mass murdering, USA; perhaps the most appropriate statement is they can both go to hell where they clearly BELONG!

The entire world is repulsed by America's continuing criminal wars of plunder and the horrendous civilian death toll they incur. The puppet courts at the Hague ignore continuing American TERRORISM at their own cost - what a pathetic circus the Hague courts of 'justice' present to historians! Their place in history, as the most corrupt judiciary/court system since Nazi Germany, is ASSURED!

Well may we say God save the fuckin' Queen, because nothing will save the gutless likes of a spineless AUSTRALIAN Prime Minister who kow-tows to criminals and mass murders - NO SALVATION in this world or the next - you parochial piece of lackey shit, Mr Kevin 'custard-face' Rudd!
