

Eye of Anarchy

Anarchism constantly evades those who would attempt to locate a process in a rigid structural (stodgy/dead) 'tower' of categories. Anarchism is a-historical and anti-structuralist by NATURE (it defies definition and thereby remains immune to appropriation). Its resilience stems from its inability to be located or fixed as an ideology or paradigm. Anarchism is essentially a-political - which will no doubt surprise many 'radicals'. Rest easy in Anarchism - it is everyone's rite-of-passage/existence. Its strength results from its pure dynamism - if it ain't movin', it ain't anarchism!

An anarchist text cannot be completed by a single author. Add your contribution as a comment if you wish - there are no leaders or followers here! This thread will not be moderated, regardless...
