

ACTIONS not words define REALITY

The world's leading TERRORIST and SOCIOPATHIC nation remains characteristically true to form -- this week, **The United States of America** expanded its civilian killing pursuits to Yemen where the use of inappropriate, disproportionate and imprecise (in the circumstances) Air strikes killed at least 63 civilians including 28 CHILDREN; God Bless America, indeed. It is clear that waging acquisitive warfare does not serve the interests of any Christian God but serves his archrival, Lucifer! So let's call a spade a spade and a heinous, hypocritical, Criminal State exactly what it is!

Notwithstanding the three million slaughtered civilians America MERCILESSLY dispatched in the Indo-Chinese War and the RECENT one million (and counting) civilians murdered by America in Iraq/Pakistan/Afghanistan, these CONTINUING INAPPROPRIATE strikes highlight the FARCE that is the International Criminal Court System, the IMPOTENCE of RUSSIA and CHINA and nations signatory to the Geneva Convention.

Legal and social failures of such magnitude ensure the transition of REAL POWER to the people of the world, as it is CLEAR that all seats of government regardless of hue are thoroughly CORRUPT and DESTRUCTIVE to the interests of not only the people BUT to the entire planet and ALL life on earth!

Air strikes of this nature highlight ANTIQUATED TACTICS, contemptuous disregard for the sanctity of human life, incompetence and a lack of ground fighting skills which are clearly required to wage postmodern warfare - in other words these are the tactics of mass murdering criminals and COWARDS, not those of any honourable military nation -- KNOW your enemy indeed!

To re-state the fact that utilising disproportionate force and imprecise weaponry in circumstances that clearly would sustain huge civilian casualties is ILLEGAL AND CRIMINAL is not a waste of time or energy; YOU see, History is process and regardless of ALL attempts at revisionism, history inevitably arrives at an accurate account of events, as the criminal bombing of LAOS and CAMBODIA highlight today.

We are Australians, a secular people; we fight you - AMERICA -- because we have a keen sense of fair play and JUSTICE! We are also a highly educated nation and have no difficulty determining propaganda from fact or right from wrong, abilities which clearly define Corporatist AMERICA -- and its pathetic political allies - as CRIMINALS. It has always been minorities working for what is right, sane and harmonious that overcome the odds and most 'powerful' forces.

Recent moves to 'upgrade' Pine Gap from a surveillance facility to an offensive, nuclear guidance military facility, also make it easier to cripple you at a most critical time! If you mistakenly imagine that OUR military leadership is comprised of the same psychopathic types that run the Pentagon you would be sorely mistaken - the upgraded installation is gone in a flash!

God saves nothing, we save ourselves, mate, and we will fight you to the end!
