

US Administration finally discovers 'real' al-Qaeda stronghold in YEMEN!

WE should have known, especially after Obama's own National Security Advisor, Gen. James Jones, stated that the ACTUAL number of al-Qaeda fighters in Afghanistan is "fewer than a hundred!" What! You mean thousands of innocent lives have been lost and the world's most powerful military has been mobilised to fight less than 100 fighters? Well, if nothing else it certainly portrays al-Qaeda as nothing short of superhuman, perhaps even divine! How else would it be possible for less than 100 fighters to take on the most powerful military in the world? Or is it perhaps the case that WE are being DECEIVED, YET AGAIN?

Hillary Clinton

I write this piece as the newswire reports that US Secretary of State, Hillary 'sniper fire' Clinton - dis-affectionately labelled 'Ms. Integrity' in Oz -- is to visit Australia this month; let's all hope that one of those semi-divine, al-Qaeda fighters doesn't find a vantage point from the Sydney Opera House from which to launch an illusory sniper attack -- for fuck's sake, what is WRONG with you people?

Now we have underpants bombs connected to 'al-Qaeda' YEMEN! The Yemeni 'connection' is currently being sold as the greatest threat to America since the Bush family! Do people find it unusual that 'al-Qaeda strongholds' mysteriously appear in every nation the US wishes to INVADE? Everyone in the 'game' knows the Truth, al-Qaeda's principal base is hidden in plain sight on Bondi Beach, Australia!

The purported Yemen connection, DESPERATELY being peddled to the public, is reminiscent of the perfectly preserved passports that magically dropped out of the sky identifying Saudis as the 9/11 'terrorists' HOURS after the event! Flight manuals in Arabic conveniently left at airport parking lots notwithstanding -- pass me my banjo, please!

Perhaps it may serve the public better to view PATTERNS in the 'news' rather than constantly being distracted by transparent, singular bulletins!

For fuck's fuckin' sake, have the people been reduced to a level of mindlessness and gullibility that would accept, without question, the media story of a Yemeni threat to the USA? If so, could WE really complain if WE are regarded by ruling elites as dumb beasts of convenience, similar to cattle? How easy would FUTURE decisions as to whether or not to 'press the button' on millions be made if we allow ourselves to be regarded as no better than DUMB, expendable, BEASTS? You were advised people, YOUR future is in YOUR HANDS whether you like it or not! Can you not see how it works?

Are average AMERICANS so stupid or frightened by the MERE mention of MEDIA MANUFACTURED, superhuman "al-Qaeda" that all reason, logic and COMMON SENSE, instantly evaporates?

Consider the startling 'facts' again; less than 100 fighters have COST TRILLIONS of dollars in mis-adventures and illegal wars half way around the world and now a new al-Qaeda threat has been 'discovered' in Yemen! We knew 'Hollywood' Osama Bin Laden was hiding there all the time - didn't we, MORONS?

But look at the bright side, while average Americans eat shit, ASTRONOMICAL amounts of money are diverted into the pockets of the very few.

WE accept HUGE DISPARITIES AND MONUMENTAL INJUSTICES because Obama and Clinton are keeping America 'safe' - don't make me laugh!

We can't fuckin' wait, Hillary! If you think al-Qaeda is formidable in Asia, wait till you hit Bondi Beach; we'll be having a terrorist party on the beach with Alice! Not so stupid over here, you LYING, (CFR) lackey, bitch!

Déjà vu -- first media then Intervention
