Bob Gates, US Defence Secretary during the Cheney/Bush gangster years continues in that role today. He will accompany Hillary 'sniper fire' Clinton to Oz for meetings with lackey Oz politicians Kevin 'photo-op' Rudd and FM Stephen 'knee pads' Smith, who promises to top his previous knee-walking grovel for then Secretary of State, Condi 'child killer' Rice; when it comes to the servile art of knee-walking no Oz politician holds a knee-pad to Stephen Smith - he's definitely the right man for the grovel!

The US mission to Oz is an exercise in boosting lagging support for PM Kevin 'Japanese whaling' Rudd and to ensure that Australia complies with ALL America's 'defence' demands, regardless of whether Australia becomes an critical nuclear target or not -- 'friends' indeed!

I'm sure most Aussies realise we can do better than befriend the leading warring, terrorist nation in the world today.

Australians may not remember but prior to the leadership of John 'deputy sheriff' Howard and Kevin 'custard face' Rudd, Oz maintained at least a semblance of independence - even that little Zionist lackey Bob Hawke openly stated that Oz may disagree with American wishes if they do not serve the interests of the nation. Today, however, Oz complies no matter the cost -- makes you truly proud to be an 'independent' Australian!

The upgrade of Pine Gap to an *offensive* guided missile facility is sure to impress the Chinese and Russians, the two nations most likely to be the recipients of US ICBMs - Australia is thrilled to become a high level nuclear target as a result of US demands; we hardly know how to express our profound gratitude!

On the bright side, critical upgrades to US installations make crippling America a much easier proposition for the Oz military in the event they choose to act in the BEST interests of the nation - our military does not easily forget the Sarin and Vx nerve gas experiments America wished to inflict on our unsuspecting troops or the withholding of critical intelligence of an impending attack at Long Tan during the Vietnam conflict!

The following video is from CBS and exposes Hillary Clinton for the lying bitch she really is - and you thought pathological lying was specific to her husband, 'I didn't inhale or have sex with that woman!'
