

Leadership, by the minority for the minority

by ryall Sunday, Jan 10 2010, 8:53pm

international / mass media / commentary

The recent flurry of media activity relating to 'underpants' and YEMEN has taken a new turn with Obama now stating he has "no intention" of invading Yemen - previously he threatened the Yemeni government with, to paraphrase, *'if you don't take care of the 'terrorists,' WE WILL DO IT FOR YOU!'* Sounds like a clear threat of invasion to me, but one day is a long time in politics!

Kevin 'stooge' Rudd

Prior to focusing on the REAL ISSUE - that western leaders today are politically impotent and powerless - I would draw attention to America's WAR on LANGUAGE and emphasise that Obaa'ma's latest statement does not preclude 'INTERVENTION' in YEMEN, which is the PRIMARY OBJECTIVE and compatible with America's INSANE PNAC ideology of PERMANENT WAR/s! Machinations in Washington and other Western political capitals are as TRANSPARENT as WET TOILET PAPER, today!

Social awareness world-wide has increased dramatically since the Bush government's woeful - 'WMD, anthrax, nano-thermite, mission accomplished, known unknowns' -- attempts to DECEIVE the public. The principal achievement of Cheney/Bush (and allies) is they have CAST THEMSELVES in a CRIMINAL mould, a fact easily confirmed by accessing information freely available in the public domain - hence the 'new' strategy of IMPOSING information CENSORSHIP in Western societies!

But to the primary issue, which is a 'widely known, known,' I might add! Western politicians today are PUPPETS, EVERY LAST ONE OF THEM. It is clear that Obama has little if any influence determining national policy or steering the nation; the same applies to most western leaders today. Nevertheless, the mainstream media continues to portray these reprehensible, servile, TREASONOUS traitors as OUR leaders - ironically, it is the mass media itself that is responsible for exposing these puppets (many thanks) with broadcasts like Obaa'ma's recent statement, "America stands on the side of justice" -- minor matters like killing MILLIONS of innocent civilians or legalising TORTURE, kidnapping and NOT holding Cheney/Bush to account, we are expected to ignore! There's not just ONE, but a HERD of 'elephants in your kitchen,' Uncle, all of which UNDERMINE EVERYTHING the mass media disseminates!

I am heartened by the increasing numbers of Oz citizens today that are able to recognise patterns in

the broad context of events (spanning decades) and are easily able to separate FACT from FICTION! Frantic efforts by the mass media to propagate lies, obfuscate, distort and misrepresent the facts are having the REVERSE effect. It seems the mass media has forgotten the age old adage, 'a LIE leads DIRECTLY to the TRUTH it attempts to hide!'

Observing and exposing our transparent political leaders today is becoming the sport of children.

It can only end with complete EXPOSURE, as the broader picture clearly indicates.

As America slowly drowns in a sea of BULLSHIT and propaganda, I am pleased to note that the BBC is now serving the interests of the public by exploding the myth of 'al-Qaeda!' (See video archive).

I am reminded of an Aussie folk hero's famous last words, 'and it's come to this' -- IT HAD NOWHERE ELSE TO GO, people!

Have a nice day.

Addendum:

Do I need to remind the AUSTRALIAN PUBLIC to VIGOROUSLY OPPOSE all forms of Stalinist information CENSORSHIP, which Kevin 'pathetic lackey' Rudd is attempting to implement for his masters?
