

Anti-Missile defence: China responds to American Provocation

by Captain Tuesday, Jan 12 2010, 7:54pm

[international](#) / [peace/war](#) / [opinion/analysis](#)

China tested, demonstrated rather, its anti-missile defence technology after the belligerent, expansionist USA armed CORRUPT KMT elements in Taiwan with an unspecified number of US Patriot missiles, which of course would also be available for an AMERICAN attack on China!

Pathetic, black puppet

The world's leading, invasive, civilian killing, terrorist nation seems determined to pick a fight with China and Russia – two nations, which in stark contrast to the USA, have kept within their own borders over the past decade.

Washington neo-cons provoked Russia with proposed US missile 'defence' installations in the Czech Republic and Poland -- nations on Russia's doorstep. Now 'liberal democrat' Obama approves Patriot missile sales to Mandarin speaking, 100% CHINESE, Taiwan -- do yanks suffer from an identity crisis or do they derive some perverse pleasure in instigating WAR? America's record over the past decade would CLEARLY INDICATE the latter. However, there is a limit to everything including trying the patience of non-aggressive, non-invasive, PEACEFUL superpowers, RUSSIA and CHINA!

Pathologically lying US Secretary of State, Hillary 'sniper fire' Clinton, is currently gallivanting around the Pacific doing the bidding of the CFR and ensuring that allied nations become HIGH LEVEL NUCLEAR TARGETS by 'UPGRADING' existing US defensive installations to OFFENSIVE nuclear guidance and launch capability; of course not a word (mainstream journos) to the blissfully uninformed populations of host nations [that] AMERICA'S new TACTICS would see ALL their capital cities OBLITERATED in the event of a nuclear exchange – already planned by LUNATIC America for the very near future, I would add!

Russia and China may realise too late that a combined attack on the CLEARLY LUNATIC USA is the only option available for world Peace. America's PERMANENT WAR ideology and WAR ECONOMY prevent it making peace or adopting a SANER course. As each day passes America closes in on its perceived competitors in a DO or DIE bid for world supremacy. [It should never be forgotten that

these people are also suicidal millennialists!]

We have assessed it from every possible angle and concluded that it is better to seize the first launch advantage than to launch a retaliatory response – the past decade and America’s current course CLEARLY INDICATE that the lunatic aggressor must be ELIMINATED, at all costs!

Comrades, if doubts continue to delay action just remember Obama promised ‘*CHANGE we can [really] believe in,*’ then ATTACK!

It should now be clear there can be no Peace while America exists!
