A very dangerous situation for ruling elites

Predictably, the Corporatist mass media is desperately saturating the airwaves with a 'new' strategy to win an UNWINNABLE war in Afghanistan. Over 60 puppet political leaders met in London yesterday to demonstrate and make public a show of unity on extending the occupation/war in Afghanistan! The entire media exercise was designed to legitimise a continuing presence in South Asia and convince a very wary public that the 'new strategy,' of "re-integration" would work. However, the London charade was/is as transparent as a pair of whore's knickers!

It was a farce from the start; US occupiers have no intention of withdrawing or leaving the region without first establishing and securing a puppet regime similar to that in Iraq! And for those mystified or in some doubt as to the nature of the 'new' strategy of "re-integration," it simply reduces to bribing corrupt elements in the opposition and attempting to divide and conquer the Taliban thereby -- it (divide) worked in the Balkans and it (payoffs) worked in Iraq so why not give both a try in Afghanistan?

The answer to the above trailing question is brutally obvious and known to all players in this tragic war, especially the elites behind ALL the violent conflicts and wars of today! Afghans are fiercely independent and have successfully repelled ALL invaders and occupiers since recorded history began, and that covers thousands of years. Put simply, so uninformed Americans are better able to understand, Afghans are engaged in protecting their traditional lands, homes and families FROM MURDERING FOREIGN INVADERS AND THIEVES! ***Everyone concerned is aware that peace cannot be achieved until ALL FOREIGN INVADERS have been removed from Afghan soil.***

So what is the London PR exercise really all about? Again, simply a charade, farce and a transparent attempt to manage PUBLIC OPINION -- currently over 70% OPPOSE the war/occupation in Afghanistan and other South Asian countries -- and rightly so!

I would remind readers that the nefarious Corporate elites behind our puppet politicians continue to demonstrate their complete disregard for the sanctity of human life, as the current London DECEPTION demonstrates! The calculations of these elites focus on personal gain, profit and all things that PAY; the THOUSANDS of INNOCENT men, women and children blown to bits by Drone and conventional air strikes do not figure in the bottom line of Corporatists! It certainly does 'pay' to know the identities of the REAL enemies of humanity!

Just follow the money and the Corporate interests supporting these wars and the identities of faceless, behind-the-scenes manipulators, will become known -- Halliburton and Blackwater/Xe, to name only two Corps up to their First Amendment 'necks' in corruption and murder, are cesspools of human vermin.

And never forget that **all people everywhere have an inalienable right to protect their homes and families** from murdering thieves, mercenary marauders AND THE CRIMINALS THAT CONTROL THEM!

American corporate criminal activity under Obama has increased on the home and international fronts - ASSASSINATIONS, the murder of US and other citizens based on rumour and (falsely) perceived threats, continues UNABATED, as do the policies implemented by the Bush regime! Closing Guantanamo some time in the year 3,000 is NOT REPEALING LAWS allowing illegal kidnapping and assassinations, for example!

Nevertheless, corporatists are fast losing their DESPERATE battle to maintain social UN-AWARENESS, as the fully exposed, deceptive tactics in London would indicate!

Nature of the BEAST -- it's time to put an end to it!
