

The Discourse of Disconnect

international / peace/war / news report

ARTIFICIAL debt, WAR, terror, fear and a discourse that has all the 'appeal' of a bit of shit on the end of a stick; with this arsenal 'they' hope to capture and manage an increasingly aware population; however, it is clear they have FAILED! The (predicted) global economic collapse of 2010 VERIFIES the FACT. Regardless of the name they attribute to the failure, 'sub-prime,' 'sovereign debt' or whatever, the cause is the lack of sound, basic economic principles/policies. Production, savings/asset growth ensures stability and prosperity FOR ALL; debt-fuelled, rampant consumerism ensures collapse, simple! 'Their solution' in times of built-in system-failure (huge DISPARITY) is war, terror, fear and lawless assassination squads targeting 'their' perceived enemies - it has come to this, an open SOCIO-PATHOLOGY! Certainly no model for enduring success, plain to see!

ruling elite

As a result of extreme INEQUITY and criminality at the 'top,' a social tsunami gathers momentum and threatens to obliterate the old order. Instead of heeding indications and re-implementing sound principles they offer more of the disease as a cure; "STIMULUS" is another word for (massive) DEBT! With toilet paper money and a (rigged) casino economy they hope to survive - in whose demented dream?

Enough said.

We -- as opposed to 'they' -- are ONE!

Target anyone one of ours for assassination and your puppet polities, and then CEOs, will pay the price, too easy! We are specialists, former special operations, IT security, semioticians, comedians, engineers and a host of skilled operators. We form a non-centralised, amorphous, highly efficient

army that coalesces wherever the need arises. So give it your best shot, arseholes; WE will not be waiting (we are standing next to you!)
