Regressive, xenophobic, racist, Anglo RETARD, Pauline Hanson, is threatening to leave Queensland forever (do it, please!) Oz has disappointed her it seems, the fact (majority) non-Anglo Aussies ignored her entreaties to don jack boots, Swastika armbands and purge Australia of Europeans, Asians and other non-Anglos has forced her to look to 'sunny England' for refuge, they can have her - LOL!

Bye bye, Pauline!

The stupid bitch actually stated that Oz "lacked opportunity" these days! No doubt she'll find 'plenty' in sunny England - a totally bankrupt hole! However, little Pauline will always have the anachronistic Royal Family to adore and comfort her in times of dissociation!

Fair fuckin dinkum, what a vacuum-head, she'd be perfect in the American bible belt or Alaska, a ready made audience, but she couldn't figure that out for herself - England, what a laugh! Great choice, Pauline, you xenophobic, racist, pea-brain!

GOOD FUCKIN RIDDANCE and take other racist Anglo slobs with you - the Kelly clan were IRISH immigrants and convicts, bitch, and so the majority of Aussies today that DO NOT suffer the Anglo cringe - pathetic!

Perhaps now we can put our cringing past behind us and finally establish an Independent Republic, go Oz! And if you hear one peep from cringing Anglo Aussie COWARDS, squash them like the gutless fleas they are! Oz MUST move forward and leave the likes of Hanson, Howard and Rudd in the past, what a bloody blight on our history!

Hey, Pauline, when you arrive in dank, over crowded England, tell 'em to shove the Union Jack on our COLONIAL flag up their pommy arses!

'God save the Queen, cos Oz will save itself!' Note these words well, fleas!

We are ONE.
