

Allied offensive kills 12 civilians in Afghanistan

by teale Monday, Feb 15 2010, 4:57pm

international / peace/war / commentary

"It's regrettable that in the course of our joint efforts, innocent lives were lost. We extend our heartfelt sympathies and will ensure we do all we can to avoid future incidents," NATO commander General Stanley McChrystal said in a statement yesterday. In the wake of over one million civilian deaths in Iraq, three million in Indo-China countless thousands in Afghanistan and Latin America, millions more by proxy in Indonesia and Malaya – American apologies and words of ‘regret’ not only ring hollow and insulting they CONFRONT and MOBILISE RESISTANCE! Allied forces have LOST before they have begun! [To FREEDOM FIGHTERS everywhere, Victory is assured – WE are ONE!]

Hillary 'CFR' Clinton, comedian

Twelve dead civilians at the outset (is anyone surprised) marred an otherwise smooth propaganda exercise in selling an illegal OCCUPATION as a justified war!

The current war of occupation in Afghanistan is becoming more impossible to justify by the minute; killing civilians is now brushed aside as “regrettable,” and a cost that is “unavoidable,” according to the inverse logic of American and NATO criminal commanders!

Watching U.S. Deputy Secretary of Defence, William Lynn, attempt to explain away allied blunders on Oz television last night was as tragic as it was pathetic – few if any were convinced, notwithstanding, biased assistance from pro-American, conservative interviewer, Leigh Sales! Yet allied advisers, presidential handlers, Murdoch’s propaganda media and Western puppet governments remain totally divorced from REALITY; and as we all know those that live in delusion face very rude awakenings!

Almost daily criminal CIA drone operators CONSCIOUSLY murder 20-30 civilians for every single so-called enemy target; an act which constitutes a war crime according to the Geneva and every other convention of war in existence! How much longer does the U.S. hope to play their Alice in Wonderland fantasy?

Any credibility the U.S. had is long gone. Watching CFR errand girl, Hillary Clinton, bleating over Iran’s nukes – that do NOT EXIST -- is farcical, not to mention her accusation that Iran is “becoming” a military dictatorship! Clinton seems oblivious to the fact that her nation has effectively trashed its

Constitution and other founding documents, which once safeguarded Democracy, Liberty and Freedom, and has become a dictatorship; the USA TODAY is a SOFT DICTATORSHIP run by minority elitists on mis/disinformation and FEAR! From which political position does Hillary Clinton accuse others; this woman is clearly a very bad comedian?

What a THOROUGH and pathetic joke America presents to the world today - a demented, foaming mad dog roaming the globe mauling children and other innocents! Does this lunatic nation really hope to persist much longer?

While the above travesties occur in South Asia, fascist nations (EU/NATO) prepare for yet another onslaught on persecuted and victimised Serbs in the Balkans. However, on this occasion Serbian allies, China and Russia, cannot afford another display of shameless cowardice. There is much to lose this time comrades, too much in fact! Cowardice invites certain future calamity, make no mistake!

The lunatic U.S. and its allies are forcing confrontation with other superpowers, continually narrowing their options and forcing confrontation - it's a tactic! America would be completely surprised by a vigorous joint response making it perfectly clear further aggression would result in SEVERE consequences if not TOTAL OBLITERATION!

I would like to remind sane people everywhere that while the USA engages in its psychopathic, destructive, clearly criminal behaviour other nations with far greater energy needs use smiles and diplomacy to obtain much needed resources, China in particular.

Other VIABLE options to war DO EXIST - very soon the ENTIRE WORLD will see AMERICA for the MAD and vicious DOG it really is! Its demise is certain/INEVITABLE -- may history bear witness to the FACT and to the sane voices of independent thinkers and commentators around the globe.
