

Catholic Propaganda and Theocratic Convolutions in Oz

Oz will soon have its very own Catholic Saint, the canonisation of Aussie nun, Mary MacKillop, was announced by Hitler youth Pope Ratzinger a few days past.

Bestowing sainthood has always been one of the Catholic Church's major propaganda tools as it serves to focus and enslave mindless morons that delude themselves into believing the most fantastic and contradictory garble ever invented by creative writers such as myself - ALL religions are of terrestrial origin and are culture specific, NOTE that you FEAR-ridden, vacuum-heads!

However, not wishing to dampen the false hopes and aspirations of the enslaved masses I will attempt to imbue myself with ample amounts of religious 'spirit' in order to highlight some cogent religious REALITIES, fantacists beware!

Let's begin appropriately at the beginning, GENESIS 1, with the creation of man and woman:

"26 Then God said, Let us make man in our image ... 27 So God created man in his own image, in the image of God he created him; male and female he created them."

Notwithstanding the FACT that 'God' is clearly a PLURALITY, "us," which is confirmed in the original Hebrew, we are informed that humans are made/created by God(s) in their own image/likeness, a mortal simulacra of the 'divine' if you like!

The inference is clear; God is either a Hermaphrodite - possesses both male-female genitalia -- or 'God' is in fact (at least) two, MALE and FEMALE! Interesting, but I need not pursue the point as it is not the focus of this exercise in logic, rationality and cogence.

Regardless of the nature of 'God,' as gender divided, we learn from the text that God is PERFECT in every respect/aspect INCLUDING of course his/her genitalia, which never present a problem for the Gods but, as we are all aware, presents MONUMENTAL problems for the Catholic Church and other religions - clearly verifying that manmade religious institutions/organisations are cesspools of hypocrisy, morbidity (and sordid activities).

Now to that CHAMPION of a WOMAN, make no mistake of that, Mary MacKillop!

In the male dominated paedophilia church culture of her day, Mary Mac confronted and battled the

mutually masturbating male Catholic hierarchy in order to better assist the common people of Australia, at one stage she was excommunicated for her efforts, what a gutsy gal! Yes, indeed, the male-centric (homo) Catholic Church culture opposed her 'tooth, nail' and CUNT, do I detect disdain in some readers? I can assure you that mentioning Sainted Mary's cunt presents NO PROBLEM to God, only YOU, your filthy mind and the poofter church to which you are enslaved and bound by shackles of GUILT/FILTH -- take the leap to FREEDOM, you gutless wonders!

Oz has produced some fiery freedom fighters in the past, Kelly and MacKillop are just two early examples; they both (with some of today's lesser known groups and individuals) deserve the honour and enduring respect they receive, ONWARD Oz!

A helpful exercise may be to contrast today's COWARDLY leaders, John 'deputy sheriff' Howard and Kevin 'yes Rupert' Rudd with characters like Kelly and MacKillop, then wonder where this nation, led by SERVILE JELLYFISH, is going!

As for Mary, 'onya girl! Love ya!

[Editor's Note: There has been considerable debate regarding the suitability of this story and whether it should remain on this site -- for reasons other than its apparent 'irreverence' or reference to a nun's genitalia, I would add.

The area of concern relates to the close association the author gives institutional Catholic nun, MacKillop, with known (radical) Australian folk hero, freedom fighting Ned Kelly. The association, it was argued, may encourage belief in the practices of known slaver institution, the Catholic Church of Rome - which is one of the most corrupt, hypocritical and reprehensible (criminal) organisations known to history!

Be assured our editorial policy has not changed nor has our approach to slavers, dictators and other assortments of fascists. Nevertheless, to avoid the slightest misunderstanding, let it be known this site does not condone the perpetuation of any superstitious beliefs -- MIRACLES or otherwise - that are consciously designed to strengthen criminal Churches and weaken the minds of misguided believers.

Put in plain words, there is no such thing as a MIRACLE; ignorance, superstition and feeble intellects account for all so-called miracles.

The debate was resolved by allowing the story to remain on site but with the addition of the above explanatory note.]
