

9/11 - "The most Incompetent Investigation of All Time"

by dasha Wednesday, Mar 3 2010, 5:52am

international / injustice/law / news report

"Three hundred and forty three (343) of our murdered brothers are crying out for justice," states New York Firefighter, Eric Lawyer.

Molten metal pouring from Tower prior to collapse

If American Firefighters are respected half as much as their Aussie counterparts the entire rotten, odorous, FRAUD of the official 9/11 story has just been exposed - see for yourself!

The following video explains that standard investigative procedures for New York Firefighters were not followed after 9/11. Mr Lawyer's address leaves no doubt whatsoever regarding whether a major cover-up occurred!

We have previously covered (use search) the discovery of military grade nano-thermite in dust residue from ground zero and locally produced - in the same military labs - anthrax spores, complete with U.S. chemical signature! This evidence combined with visual footage of the controlled collapse of WTC 7, removes all doubts of whether 9/11 was an inside job!

A proper forensic investigation of the 9/11 tragedy is NOW imperative; the entire THINKING WORLD demands it!

The official government fraud is undone, the game of illusion is over - ***the TRUTH will be served and JUSTICE will be done!***

This site supports the expert analysis of Architects, Engineers and Firefighters for 9/11 Truth. Be it widely known that the REAL criminals behind the 9/11 tragedy will soon face the people and the consequences of their crimes.

We are ONE in Truth and in the pursuit of JUSTICE.
