

Speculation surrounds Obama's proposed Oz 'stopover!'

Amid heightened security concerns, the on-again, off-again Obama visit to Oz is generating more than its fair share of public criticism. Should recent media speculation on America's real attitude to Oz, 'a nation led by spineless, servile, lackeys of NO CONSEQUENCE,' be safely ignored, or should it be taken seriously?

Subservient PM, Kevin Rudd, dearly hoped to obtain some political mileage from Obama's visit, oops, I mean 'stopover!' But at least the Oz public can thank Obama for making plain the level of significance with which the U.S. views, "no better friend," Australia! [How does it feel, Johnny?]

Meanwhile Kevin Rudd has been forced to spend much longer in makeup due to the glowing red hand impression on his face - no better friend indeed!

Perhaps we should make it plain; Obama, soon after being handed the Presidency, was ordered by the real rulers of the U.S. to personally *sign an order* for a Drone strike in Pakistan that killed dozens of innocent civilians! You see, a U.S. president cannot be trusted by the criminals in power unless he too commits a war crime thus ensuring his complicity and continuing allegiance to CRIMINAL ruling elites.

Perhaps CITIZENS should welcome the U.S. president by formally arresting him on Oz soil for war crimes and other crimes against humanity. 'Why bother,' most Aussies would say, it is far easier to shoot the cunt on arrival! [A little Aussie humour for you, Baa'raack -- we know you can't wait to get your cock sucked by 'custard face' Rudd and his Foreign Minister, Stephen 'kneepads' Smith!]

Weak Oz leaders deserve to be treated with the contempt shown by the USA and other nations of the world -- shameless, pathetic, SERVILE, Oz 'leadership,' is there no end to Australia's *Anglo*, gutless cringe? Whatever Howard and Rudd are, CLEARLY they are NOT MEN!
