[No] Identity Crisis

The Australian opposition leader, Tony Abbott is known as a combative, ultra-right wing, unapologetic, Catholic, arch-conservative - a PRODUCT not a person, a fabrication not an original! There is NOTHING in Abbott's character that has not been created/superimposed by his ultra-conservative Catholic background - he is about as original as a Chinese fake!

Abbott, Jesuit trained attack dog, good boy, sit!

He shares his LACK of SUBSTANCE and integrity with the 'flea' he opposes, Kevin 'show pony, do nothing' Rudd, who has proven to be more servile to the USA, Bankers and Corporatists than his predecessor John 'deputy sheriff' Howard, also known as 'pea-heart,' Johnny!

The above spineless, *Anglo*, Aussie trio ('leaders' my arse) makes you truly proud to be an 'Aussie!' [Can you hear me clearing my throat?]

Abbott blew it; he exposed himself as no better a cheap trickster than his opponent, Rudd - yes, it has come to this (Ned) in Oz politics. Two cocksuckers vying for the 'honour' of knee-walking in Washington! Abbott and his opponent were created to serve their masters, isn't that right Mr. Rupert 'CFR' Murdoch, breakfast anyone?

Abbott has identified himself as having no more real substance than Rudd -- give me a gun please, putting treasonous scum on trial is far too costly. Both men are masters of the cheap (headline) trick but CLEARLY lack the ability to LEAD a NATION in THEIR OWN RIGHT - and that, my fellow Australians, is the CRITICAL ISSUE!

Abbott attempted to grab a headline and steal the focus away from Rudd's health reform distraction by utilising a cheap American idiom from George Bush's home State of Texas, '*all hat and no cowboy*,' which means FULL OF SHIT, or all image/posture, and no substance!

Well, you got that right, Tony, it applies to you and Rudd - non-entities, the both of you; pathetic little errand boys!
