Former Indonesian arse-licker, money launderer -- the casino *we had to have* on Christmas Island -- Balibo denier, bank deregulator, reprehensible traitor and corrupt criminal, Paul 'fingers' Keating, sprang to the 'aid' of failing PM and reprehensible LACKEY, Kevin 'custard face' Rudd today, by taking a characteristically unconsidered, loud-mouthed swipe at opposition leader Tony 'domini' Abbott, calling him a policy devoid "little John Howard," a [Rhodes Scholar] "intellectual nobody" and parliamentary "resident nutter!"

Keating also took a swipe at Liberal finance spokesperson Barnaby Joyce while PRAISING former leader, Malcolm 'Goldman Sachs' Turnbull - are we surprised? The criminal that surrendered sovereign Australia to Wall St by deregulating Banks praises a former G Sachs merchant Banker - give us a fuckin' break, Keating!

It was Keating who put an end to representative democratic government in Australia by surrendering the nation to international banksters and financiers.

Before proceeding and informing that burnt-out old thief, Keating, that Abbott is beating Rudd at his own game of spin and media tricks, I would inform the most destructive PM Oz ever had to suffer, that I personally know many people that would dearly love to have him, Howard, Rudd, Abbott and Turnbull in a locked room, each man armed with a baseball bat - we may be able to accommodate them yet, get the picture?

America has heralded a new age of LAWLESSNESS, with overt DAILY civilian killing, covert assassinations, illegal wars of plunder, kidnapping and TORTURE etc, etc. For freedom fighters and oppressed citizens everywhere covert assassinations may prove to be the best option, after all, if its good enough for America ... !

We are not required to sit back and passively take the most gross and criminal behaviour from any person, group or NATION - is that clear, cocksuckers? The day is fast approaching when lackey, unrepresentative politician will be the most dangerous job on earth!

Keating would be well advised to take a tip from war criminal John Howard and be as quiet as a mouse for his own good. Don't forget Paul, we are not constrained politicians, we could always review our info on you, Richo and all those sordid 'pig farm' type deals with Indonesia; leaked info that could land you and your criminal mates in jail!

Calling on you for assistance indicates the level of Rudd's desperation and panic - Rudd and Abbott are both under Murdoch's thumb, he plays them both off against each other in order to sell the illusion of choice to the public but reality dictates he owns them both - "a headline a day or a bucket of shit," you remember, don't you, Paul!

Now be a good little Wall St lackey and crawl back into your hole, Paul; Rudd will soon realise he needs you like he needs a 'hole in the head,' [interesting idiom].

The people are not required to sit back and accept overt criminality from any nation person or group - if necessary the people will fight fire with fire, watch your arse ALL unrepresentative, lackey politicians - the good ol' days are over! If it's good enough for the USA and NATO its good enough for us!
